UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549
FORM 10-Q

(Mark One)

- QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.
For the quarterly period ended March 31, 2013
OR
 TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.
For the transition period from _____ to _____.

Commission file number 001-33099

BLACKROCK

BlackRock, Inc.

(Exact name of registrant as specified in its charter)

Delaware

(State or Other Jurisdiction of
Incorporation or Organization)

32-0174431

(I.R.S. Employer Identification No.)

55 East 52nd Street, New York, NY 10055

(Address of Principal Executive Offices)
(Zip Code)

(212) 810-5300

(Registrant's Telephone Number, Including Area Code)

(Former Name, Former Address and Former Fiscal Year, if Changed Since Last Report)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes

No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes

No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or, a smaller reporting company. See the definitions of "large accelerated filer", "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

Accelerated filer

Smaller reporting company

Non-accelerated filer

(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes

No

As of April 30, 2013, there were 168,703,604 shares of the registrant's common stock outstanding.

BlackRock, Inc.
Notes to Condensed Consolidated Financial Statements
(unaudited)

1. Business Overview

BlackRock, Inc. (together, with its subsidiaries, unless the context otherwise indicates, "BlackRock" or the "Company") provides diversified investment management services to institutional clients, intermediary and individual investors through various investment vehicles. Investment management services primarily consist of the management of equity, fixed income, multi-asset class, alternative investment and cash management products. BlackRock offers investment products in a variety of vehicles, including open-end and closed-end mutual funds, *iShares*® exchange-traded funds ("ETFs"), collective investment trusts and separate accounts. In addition, BlackRock provides market risk management, financial markets advisory and enterprise investment system services to a broad base of clients. Financial markets advisory services include valuation services relating to illiquid securities, dispositions and workout assignments (including long-term portfolio liquidation assignments), risk management and strategic planning and execution.

On March 31, 2013, The PNC Financial Services Group, Inc. ("PNC") held 20.7% of the Company's voting common stock and 21.7% of the Company's capital stock, which includes outstanding common and non-voting preferred stock.

2. Significant Accounting Policies

Basis of Presentation. These condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") and include the accounts of the Company and its controlled subsidiaries. Non-controlling interests on the condensed consolidated statements of financial condition include the portion of consolidated sponsored investment funds in which the Company does not have direct equity ownership. Significant accounts and transactions between consolidated entities have been eliminated.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from those estimates.

Certain financial information that normally is included in annual financial statements, including certain financial statement footnotes, is not required for interim reporting purposes and has been condensed or omitted herein. These condensed consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and notes related thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, which was filed with the Securities and Exchange Commission ("SEC") on March 1, 2013 ("2012 Form 10-K").

The interim financial information at March 31, 2013 and for the three months ended March 31, 2013 and 2012 is unaudited. However, in the opinion of management, the interim information includes all normal recurring adjustments necessary for the fair presentation of the Company's results for the periods presented. The results of operations for interim periods are not necessarily indicative of results to be expected for the full year.

Table of Contents

2. Significant Accounting Policies (continued)

Fair Value Measurements.

Hierarchy of Fair Value Inputs. The provisions of Accounting Standards Codification (“ASC”) 820-10, *Fair Value Measurements and Disclosures* (“ASC 820-10”), establish a hierarchy that prioritizes inputs to valuation techniques used to measure fair value and require companies to disclose the fair value of their financial instruments according to the fair value hierarchy (i.e., Level 1, 2 and 3 inputs, as defined). The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

Assets and liabilities measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 Inputs:

Quoted prices (unadjusted) in active markets for identical assets or liabilities at the reporting date.

- Level 1 assets may include listed mutual funds (including those accounted for under the equity method of accounting as these mutual funds are investment companies that have publicly available net asset values (“NAVs”), which in accordance with GAAP, are calculated under fair value measures and the changes are equal to the earnings of such funds), ETFs, listed equities and certain exchange-traded derivatives.

Level 2 Inputs:

Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; quotes from pricing services or brokers for which the Company can determine that orderly transactions took place at the quoted price or that the inputs used to arrive at the price are observable; and inputs other than quoted prices that are observable, such as models or other valuation methodologies. As a practical expedient, the Company relies on the NAV (or its equivalent) of certain investments as their fair value.

- Level 2 assets may include debt securities, bank loans, short-term floating rate notes and asset-backed securities, securities held within consolidated hedge funds, certain equity method limited partnership interests in hedge funds valued based on NAV (or its equivalent) where the Company has the ability to redeem at the measurement date or within the near term without redemption restrictions, restricted public securities valued at a discount, as well as over-the-counter derivatives, including interest and inflation rate swaps and foreign currency exchange contracts that have inputs to the valuations that generally can be corroborated by observable market data.

Level 3 Inputs:

Unobservable inputs for the valuation of the asset or liability, which may include non-binding broker quotes. Level 3 assets include investments for which there is little, if any, market activity. These inputs require significant management judgment or estimation. Certain investments that are valued using a NAV (or its equivalent) and are subject to current redemption restrictions that will not be lifted in the near term are included in Level 3.

- Level 3 assets may include general and limited partnership interests in private equity funds, funds of private equity funds, real estate funds, hedge funds and funds of hedge funds, direct private equity investments held within consolidated funds, bank loans and bonds.

[Table of Contents](#)

2. Significant Accounting Policies (continued)

Fair Value Measurements (continued)

- Level 3 liabilities include borrowings of consolidated collateralized loan obligations (“CLOs”) valued based upon non-binding single-broker quotes.
- Level 3 inputs include BlackRock capital accounts for its partnership interests in various alternative investments, including distressed credit hedge funds, real estate and private equity funds, which may be adjusted by using the returns of certain market indices.

Significance of Inputs. The Company’s assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the financial instrument.

Valuation Techniques. The fair values of certain Level 3 assets and liabilities were determined using various methodologies as appropriate, including NAVs of underlying investments, third-party pricing vendors, broker quotes and market and income approaches. Such quotes and modeled prices are evaluated for reasonableness through various procedures, including due diligence reviews of third-party pricing vendors, variance analyses, consideration of the current market environment and other analytical procedures.

As a practical expedient, the Company relies on NAV as the fair value for certain investments. The inputs to value these investments may include BlackRock capital accounts for its partnership interests in various alternative investments, including distressed credit hedge funds, real estate and private equity funds, which may be adjusted by using the returns of certain market indices. The various partnerships are investment companies, which record their underlying investments at fair value based on fair value policies established by management of the underlying fund. Fair value policies at the underlying fund generally require the fund to utilize pricing/valuation information, including independent appraisals, from third-party sources. However, in some instances, current valuation information for illiquid securities or securities in markets that are not active may not be available from any third-party source or fund management may conclude that the valuations that are available from third-party sources are not reliable. In these instances, fund management may perform model-based analytical valuations that may be used as an input to value these investments.

A significant amount of inputs used to value equity, debt securities and bank loans is sourced from well-recognized third-party pricing vendors. Generally, prices obtained from pricing vendors are categorized as Level 1 inputs for identical securities traded in active markets and as Level 2 for other similar securities if the vendor uses observable inputs in determining the price. Annually, BlackRock’s internal valuation committee or other designated groups review both the valuation methodologies, including the general assumptions and methods used to value various asset classes, and operational processes with these vendors. In addition, on a quarterly basis, meetings are held with the vendors to identify any significant changes to the vendors’ processes.

In addition, quotes obtained from brokers generally are non-binding and categorized as Level 3 inputs. However, if the Company is able to determine that market participants have transacted for the asset in an orderly manner near the quoted price or if the Company can determine that the inputs used by the broker are observable, the quote is classified as a Level 2 input.

Fair Value Option. ASC 825-10, *Financial Instruments* (“ASC 825-10”), provides a fair value option election that allows companies an irrevocable election to use fair value as the initial and

2. Significant Accounting Policies (continued)

Fair Value Measurements (continued)

subsequent accounting measurement attribute for certain financial assets and liabilities. ASC 825-10 permits entities to elect to measure eligible financial assets and liabilities at fair value on an ongoing basis. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. The decision to elect the fair value option is determined on an instrument-by-instrument basis, must be applied to an entire instrument and is irrevocable once elected. Assets and liabilities measured at fair value pursuant to ASC 825-10 are required to be reported separately from those instruments measured using another accounting method.

Derivative Instruments and Hedging Activities. ASC 815-10, *Derivatives and Hedging* ("ASC 815-10"), establishes accounting and reporting standards for derivative instruments, including certain derivatives embedded in other contracts and for hedging activities. ASC 815-10 generally requires an entity to recognize all derivatives as either assets or liabilities on the condensed consolidated statements of financial condition and to measure those investments at fair value.

The Company does not use derivative financial instruments for trading or speculative purposes. The Company uses derivative financial instruments primarily for purposes of hedging: (i) exposures to fluctuations in foreign currency exchange rates of certain assets and liabilities, (ii) market exposures for certain seed investments and (iii) future cash flows on floating-rate notes. The Company may also use derivatives within its separate account assets, which are segregated funds held for purposes of funding individual and group pension contracts. In addition, certain consolidated sponsored investment funds may also invest in derivatives as a part of their investment strategy.

Changes in the fair value of the Company's derivative financial instruments are generally recognized in earnings and, where applicable, are offset by the corresponding gain or loss on the related foreign-denominated assets or liabilities or hedged investments, on the condensed consolidated statements of income.

Separate Account Assets and Liabilities. Separate account assets are maintained by a wholly owned subsidiary of the Company, which is a registered life insurance company in the United Kingdom, and represent segregated assets held for purposes of funding individual and group pension contracts. The life insurance company does not underwrite any insurance contracts that involve any insurance risk transfer from the insured to the life insurance company. The separate accounts assets primarily include equity, debt securities, money market funds and derivatives. The separate account assets are not subject to general claims of the creditors of BlackRock. These separate account assets and the related equal and offsetting liabilities are recorded as separate account assets and separate account liabilities on the condensed consolidated statements of financial condition in accordance with the ASC 944-80, *Financial Services – Separate Accounts*.

The net investment income attributable to separate account assets supporting individual and group pension contracts accrues directly to the contract owner and is not reported on the condensed consolidated statements of income. While BlackRock has no economic interest in these separate account assets and liabilities, BlackRock earns policy administration and management fees associated with these products, which are included in investment advisory, administration fees and securities lending revenue on the condensed consolidated statements of income.

Separate Account Collateral Assets Held and Liabilities Under Securities Lending Agreements. The Company facilitates securities lending arrangements whereby securities held

[Table of Contents](#)

2. Significant Accounting Policies (continued)

Fair Value Measurements (continued)

by separate account assets maintained by BlackRock's registered life insurance company are lent to third parties under global master securities lending agreements. In exchange, the Company receives collateral with minimum values generally ranging from approximately 102% to 112% of the value of the securities lent in order to reduce counterparty risk. The required collateral value is calculated on a daily basis. The global master securities lending agreements provide the Company, in the event of customer default, the right to liquidate collateral or to request additional collateral. Under the Company's securities lending arrangements, the Company can resell or re-pledge the collateral and the borrower can resell or re-pledge the loaned securities. The securities lending transactions entered into by the Company are accompanied by an agreement that entitles the Company to request the borrower to return the securities at any time; therefore, these transactions are not reported as sales under ASC 860, *Transfers and Servicing*.

As a result of the Company's ability to resell or re-pledge the collateral, the Company records on the condensed consolidated statements of financial condition the collateral received under these arrangements (both cash and non-cash) as its own asset in addition to an equal and offsetting collateral liability for the obligation to return the collateral. At March 31, 2013 and December 31, 2012, the fair value of loaned securities held by separate account assets was approximately \$19.1 billion and \$21.0 billion, respectively, and the fair value of the collateral held under these securities lending agreements was approximately \$20.9 billion and \$23.0 billion, respectively. During the three months ended March 31, 2013 and 2012, the Company had not re-sold or re-pledged any of the collateral received under these arrangements.

Appropriated Retained Earnings. Upon the initial consolidation of CLOs, BlackRock recorded a cumulative effect adjustment to appropriated retained earnings on the condensed consolidated statement of financial condition equal to the difference between the fair value of the CLOs' assets and the fair value of their liabilities. Such amounts are recorded as appropriated retained earnings as the CLO noteholders, not BlackRock, ultimately will receive the benefits or absorb the losses associated with the CLOs' assets and liabilities. The net change in the fair value of the CLOs' assets and liabilities is recorded as net income (loss) attributable to nonredeemable non-controlling interests and as an adjustment to appropriated retained earnings.

Accounting Pronouncements Adopted in the Three Months Ended March 31, 2013

Amendments to Accumulated Other Comprehensive Income Disclosures. On February 5, 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2013-02, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income* ("ASU 2013-02"), which added new disclosure requirements for items reclassified out of accumulated other comprehensive income ("AOCI"). See Note 14 for new disclosure.

Recent Accounting Pronouncements Not Yet Adopted

Cumulative Translation Adjustment. In March 2013, the FASB issued ASU 2013-05, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity* ("ASU 2013-05"). ASU 2013-05 addresses the accounting for the cumulative translation adjustment when a parent either sells a part or all of its investment in a foreign entity or no longer holds a controlling financial interest in a subsidiary or group of assets that is a nonprofit activity or a business within a foreign entity. ASU 2013-05 is effective for the Company on January 1, 2014 and is not expected to have a material impact on the condensed consolidated financial statements.

3. Investments

A summary of the carrying value of total investments is as follows:

<i>(in millions)</i>	March 31, 2013	December 31, 2012
Available-for-sale investments	\$178	\$158
Held-to-maturity investments	53	112
Trading investments:		
Consolidated sponsored investment funds	151	123
Other equity securities and debt securities	98	94
Deferred compensation plan mutual funds	56	53
Total trading investments	305	270
Other investments:		
Consolidated sponsored investment funds	413	401
Equity method investments	505	595
Deferred compensation plan hedge fund equity method investments	10	9
Cost method investments ⁽¹⁾	120	120
Carried interest	127	85
Total other investments	1,175	1,210
Total investments	<u>\$1,711</u>	<u>\$1,750</u>

⁽¹⁾ Amounts primarily include Federal Reserve Bank Stock

At March 31, 2013, the Company consolidated \$564 million of investments held by consolidated sponsored investment funds (non-variable interest entities ("VIEs")) of which \$151 million and \$413 million were classified as trading investments and other investments, respectively. At December 31, 2012, the Company consolidated \$524 million of investments held by consolidated sponsored investment funds (non-VIEs) of which \$123 million and \$401 million were classified as trading investments and other investments, respectively.

Available-for-Sale Investments

A summary of the cost and carrying value of investments classified as available-for-sale investments is as follows:

(in millions)

	March 31, 2013	Cost	Gross Unrealized		Carrying Value
			Gains	Losses	
Equity securities of sponsored investment funds		\$162	\$14	(\$1)	\$175
Other securities		1	2	-	3
Total available-for-sale investments		<u>\$163</u>	<u>\$16</u>	<u>(\$1)</u>	<u>\$178</u>
	December 31, 2012	Cost	Gross Unrealized		Carrying Value
Equity securities of sponsored investment funds		\$142	\$14	(\$1)	\$155
Other securities		2	1	-	3
Total available-for-sale investments		<u>\$144</u>	<u>\$15</u>	<u>(\$1)</u>	<u>\$158</u>

Available-for-sale investments primarily included seed investments in BlackRock sponsored investment mutual funds.

[Table of Contents](#)

3. Investments (continued)

Held-to-Maturity Investments

The carrying value of held-to-maturity investments was \$53 million and \$112 million at March 31, 2013 and December 31, 2012, respectively. Held-to-maturity investments included foreign government debt held for regulatory purposes and the amortized cost (carrying value) of these investments approximated fair value. At March 31, 2013, \$40 million of these investments would mature in one year or less and \$13 million mature after 10 years.

Trading Investments

A summary of the cost and carrying value of trading investments is as follows:

(in millions)

	March 31, 2013		December 31, 2012	
	Cost	Carrying Value	Cost	Carrying Value
Trading investments:				
Deferred compensation plan mutual funds	\$ 51	\$ 56	\$ 46	\$ 53
Equity/Multi-asset class mutual funds	130	142	154	162
Debt securities/fixed income mutual funds:				
Corporate debt	48	49	44	44
U.S. government debt	60	58	11	11
Total trading investments	\$289	\$305	\$255	\$270

At March 31, 2013, trading investments included \$80 million of equity securities and \$71 million of debt securities held by consolidated sponsored investment funds, \$56 million of certain deferred compensation plan mutual fund investments and \$98 million of other equity and debt securities.

Other Investments

A summary of the cost and carrying value of other investments is as follows:

(in millions)

	March 31, 2013		December 31, 2012	
	Cost	Carrying Value	Cost	Carrying Value
Other investments:				
Consolidated sponsored investment funds	\$389	\$413	\$378	\$401
Equity method	437	505	541	595
Deferred compensation plan hedge fund equity method investments	9	10	15	9
Cost method investments:				
Federal Reserve Bank stock	90	90	89	89
Other	18	30	31	31
Total cost method investments	108	120	120	120
Carried interest	-	127	-	85
Total other investments	\$943	\$1,175	\$1,054	\$1,210

Consolidated sponsored investment funds include third-party private equity funds, direct investments in private companies and third-party hedge funds held by BlackRock sponsored investment funds.

[Table of Contents](#)

3. Investments (continued)

Other Investments (continued)

Equity method investments primarily include BlackRock's direct investment in certain BlackRock sponsored investment funds.

Cost method investments include non-marketable securities, including Federal Reserve Bank stock, which is held for regulatory purposes and is restricted from sale. At March 31, 2013 and December 31, 2012, there were no indicators of impairment on these investments.

Carried interest represents allocations to BlackRock's general partner capital accounts from certain funds. These balances are subject to change upon cash distributions, additional allocations or reallocations back to limited partners within the respective funds.

4. Consolidated Sponsored Investment Funds

The Company consolidates certain sponsored investment funds primarily because it is deemed to control such funds in accordance with GAAP. The investments owned by these consolidated sponsored investment funds are classified as trading or other investments. The following table presents the balances related to these consolidated funds that were included on the condensed consolidated statements of financial condition as well as BlackRock's net interest in these funds:

(in millions)

	March 31, 2013	December 31, 2012
Cash and cash equivalents	\$117	\$133
Investments:		
Trading investments	151	123
Other investments	413	401
Other assets	15	25
Other liabilities	(51)	(65)
Non-controlling interests	(180)	(187)
BlackRock's net interests in consolidated sponsored investment funds	<u>\$465</u>	<u>\$430</u>

BlackRock's total exposure to consolidated sponsored investment funds of \$465 million and \$430 million at March 31, 2013 and December 31, 2012, respectively, represents the value of the Company's economic ownership interest in these sponsored investment funds. Valuation changes associated with these consolidated investment funds are reflected in non-operating income (expense) and partially offset in net income (loss) attributable to non-controlling interests for the portion not attributable to BlackRock.

In addition, at March 31, 2013 and December 31, 2012, several consolidated CLOs and investment funds, which were deemed to be VIEs, were excluded from the balances in the table above as the balances for these investment products are reported separately on the condensed consolidated statements of financial condition. See Note 6 for further discussion on these consolidated investment products.

The Company may not be readily able to access cash and cash equivalents held by consolidated sponsored investment funds to use in its operating activities. In addition, the Company may not be readily able to sell investments held by consolidated sponsored investment funds in order to obtain cash for use in the Company's operations.

[Table of Contents](#)

5. Fair Value Disclosures (continued)

Fair Value Hierarchy (continued)

Liabilities measured at fair value on a recurring basis at December 31, 2012 were as follows:

<i>(in millions)</i>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	December 31, 2012
Liabilities:				
Borrowings of consolidated VIEs	\$-	\$-	\$2,402	\$2,402
Separate account collateral liabilities under securities lending agreements	21,273	1,748	-	23,021
Other liabilities ⁽¹⁾	15	5	-	20
Total liabilities measured at fair value	\$21,288	\$1,753	\$2,402	\$25,443

⁽¹⁾ Amounts include a credit default swap (see Note 7, for more information) and securities sold short within consolidated sponsored investment funds recorded within other liabilities on the condensed consolidated statement of financial condition.

Level 3 Assets. Level 3 assets recorded within investments of \$675 million and \$679 million at March 31, 2013 and December 31, 2012, respectively, primarily related to equity method investments and consolidated sponsored investment funds. Level 3 assets within investments, except for direct investments in private equity companies held by private equity funds described below, were primarily valued based upon NAVs received from internal as well as third-party fund managers.

Direct investments in private equity companies held by private equity funds totaled \$51 million and \$56 million at March 31, 2013 and December 31, 2012, respectively. Direct investments in private equity companies may be valued using the market approach or the income approach, or a combination thereof, and were valued based on an assessment of each underlying investment, incorporating evaluation of additional significant third-party financing, changes in valuations of comparable peer companies, the business environment of the companies, market indices, assumptions relating to appropriate risk adjustments for nonperformance and legal restrictions on disposition, among other factors. The fair value derived from the methods used is evaluated and weighted, as appropriate, considering the reasonableness of the range of values indicated. Under the market approach, fair value may be determined by reference to multiples of market-comparable companies or transactions, including earnings before interest, taxes, depreciation and amortization ("EBITDA") multiples. Under the income approach, fair value may be determined by discounting the expected cash flows to a single present value amount using current expectations about those future amounts. Unobservable inputs used in a discounted cash flow model may include projections of operating performance generally covering a five-year period and a terminal value of the private equity direct investment. For securities utilizing the discounted cash flow valuation technique, a significant increase (decrease) in the discount rate, risk premium or discount for lack of marketability in isolation could result in a significantly lower (higher) fair value measurement. For securities utilizing the market comparable companies valuation technique, a

5. Fair Value Disclosures (continued)

Fair Value Hierarchy (continued)

significant increase (decrease) in the EBITDA multiple in isolation could result in a significantly higher (lower) fair value measurement.

Level 3 assets recorded within separate account assets include single-broker non-binding quotes for fixed income securities and equity securities that have unobservable inputs due to certain corporate actions.

Level 3 assets of consolidated VIEs include bank loans and bonds valued based on single-broker non-binding quotes and direct private equity investments and private equity funds valued based upon valuations received from internal as well as third-party fund managers, which may be adjusted by using the returns of certain market indices.

Level 3 Liabilities. Level 3 liabilities recorded as borrowings of consolidated VIEs include CLO borrowings valued based upon single-broker non-binding quotes.

Realized and Unrealized Gains (Losses) for Level 3 Assets and Liabilities. Realized and unrealized gains (losses) recorded for Level 3 assets and liabilities are reported in non-operating income (expense) on the condensed consolidated statements of income. A portion of net income (loss) for consolidated investments and all of the net income (loss) for consolidated VIEs are allocated to non-controlling interests to reflect net income (loss) not attributable to the Company.

Transfers in and/or out of Levels. Transfers in and/or out of levels are reflected when significant inputs, including market inputs or performance attributes, used for the fair value measurement become observable / unobservable, or when the Company determines it has the ability, or no longer has the ability, to redeem, in the near term, certain investments that the Company values using a NAV (or a capital account), or when the book value of certain equity method investments no longer represents fair value as determined under valuation methodologies.

Assets of Consolidated VIEs. During the three months ended March 31, 2013 and 2012, there were \$37 million and \$42 million, respectively, of transfers out of Level 3 to Level 2 related to bank loans. In addition, during the three months ended March 31, 2013 and 2012, there were \$15 million and \$5 million, respectively, of transfers into Level 3 from Level 2 related to bank loans. These transfers in and out of Levels 2 and 3 were primarily due to availability/unavailability of observable market inputs, including inputs from pricing vendors and brokers.

Consolidated Sponsored Investment Funds. During the three months ended March 31, 2013, there were \$12 million of transfers out of Level 1 to Level 2 related to consolidated private equity funds. This transfer was due to a direct investment in a public company held by a consolidated private equity fund valued at a discount due to restrictions on sale.

Significant Other Settlements. During the three months ended March 31, 2013 and 2012, there were \$32 million and \$14 million, respectively, of distributions from equity method investees categorized in Level 3.

Disclosures of Fair Value for Financial Instruments Not Held at Fair Value. At March 31, 2013 and December 31, 2012, the fair value of the Company's financial instruments not held at fair value are categorized in the table below:

	March 31, 2013		December 31, 2012		Fair Value Hierarchy
	Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value	
<i>(in millions)</i>					
<i>Financial Assets:</i>					
Cash and cash equivalents	\$ 3,942	\$ 3,942	\$ 4,606	\$ 4,606	Level 1 ⁽¹⁾
Accounts receivable	2,618	2,618	2,250	2,250	Level 1 ⁽²⁾
Due from related parties	73	73	77	77	Level 1 ⁽²⁾
Cash and cash equivalents of consolidated VIEs	290	290	297	297	Level 1 ⁽¹⁾
<i>Financial Liabilities:</i>					
Accounts payable and accrued liabilities	1,657	1,657	1,055	1,055	Level 1 ⁽²⁾
Due to related parties	13	13	14	14	Level 1 ⁽²⁾
Short-term borrowings	-	-	100	100	Level 1 ⁽²⁾
Long-term borrowings	5,687	6,234	5,687	6,275	Level 2 ⁽³⁾

⁽¹⁾ Cash and cash equivalents are carried at either cost or amortized cost that approximates fair value due to their short-term maturities. At March 31, 2013 and December 31, 2012, approximately \$117 million and \$133 million, respectively, related to cash and cash equivalents held by consolidated sponsored investment funds. Money market

[Table of Contents](#)

5. Fair Value Disclosures (continued)

funds are valued through the use of quoted market prices, or \$1.00, which generally is the NAV of the fund. At March 31, 2013 and December 31, 2012, approximately \$65 million and \$98 million, respectively, of money market funds were recorded within cash and cash equivalents on the condensed consolidated statements of financial condition.

- (2) The carrying amounts of accounts receivable, due from related parties, accounts payable and accrued liabilities, due to related parties and short-term borrowings approximate fair value due to their short-term nature.
- (3) Long-term borrowings are recorded at amortized cost. The fair value of the long-term borrowings, including the current portion of long-term borrowings, is estimated using market prices at the end of March 2013 and December 2012, respectively. See Note 10 for further information on the March 31, 2013 fair value of the Company's long-term borrowings.

Investments in Certain Entities that Calculate Net Asset Value Per Share.

As a practical expedient to value certain investments that do not have a readily determinable fair value and have attributes of an investment company, the Company relies on NAV as the fair value for certain investments. The following tables list information regarding all investments that use a fair value measurement to account for both their financial assets and financial liabilities in their calculation of a NAV per share (or its equivalent).

March 31, 2013

<i>(in millions)</i>	<u>Ref</u>	<u>Fair Value</u>	<u>Total Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

(1) Comprised of equity method investments, which include investment companies, which in accordance with GAAP account for their financial assets and most financial liabilities under fair value measures; therefore, the Company's investment in such equity method investees approximates fair value.

(a) This category includes consolidated offshore feeder funds that invest in master funds with multiple equity strategies to diversify risks. The fair values of the investments in this category have been estimated using the NAV of master offshore funds held by the feeder funds. Investments in this category generally can be redeemed at any time, as long as there are no restrictions in place by the underlying master funds.

(b) This category includes the underlying third-party private equity funds within consolidated BlackRock sponsored private equity funds of funds. The fair values of the investments in the third-party funds have been estimated using capital accounts representing the Company's ownership interest in each fund in the portfolio as well as other performance inputs. These investments are not subject to redemption; however, for certain funds, the Company may sell or transfer its interest, which may need approval by the general partner of the underlying funds. Due to the nature of the investments in this category, the Company reduces its investment by distributions that are received through the realization of the underlying assets of the funds. It is estimated that the underlying assets of these funds will be liquidated over a weighted-average period of approximately seven years at both March 31, 2013 and December 31, 2012. The total remaining unfunded commitments to other third-party funds were \$28 million and \$32 million at March 31, 2013 and December 31, 2012, respectively. The Company was contractually obligated to fund \$30 million at both March 31, 2013 and December 31, 2012 to the consolidated funds.

5. Fair Value Disclosures (continued)

Investments in Certain Entities that Calculate Net Asset Value Per Share (continued)

- (c) This category includes consolidated funds of hedge funds that invest in multiple strategies to diversify risks. The fair values of the investments have been estimated using the NAV of the fund's ownership interest in partners' capital of each fund in the portfolio. Certain of the underlying funds can be redeemed as long as there are no restrictions in place. At March 31, 2013 and December 31, 2012, the underlying funds that are currently restricted from redemptions within one year will be redeemable in approximately 12 to 24 months. This category also includes a consolidated offshore feeder fund that invests in a master fund with multiple alternative investment strategies. The fair value of this investment has been estimated using the NAV of the master offshore fund held by the feeder fund. The investment is currently subject to restrictions in place by the underlying master fund.
- (d) This category includes hedge funds and funds of hedge funds that invest primarily in equities, fixed income securities, distressed credit and mortgage instruments and other third-party hedge funds. The fair values of the investments have been estimated using the NAV of the Company's ownership interest in partners' capital. It was estimated that the investments in the funds that are not subject to redemption will be liquidated over a weighted-average period of approximately five years at both March 31, 2013 and December 31, 2012.
- (e) This category includes several private equity funds that initially invest in non-marketable securities of private companies, which ultimately may become public in the future. The fair values of these investments have been estimated using capital accounts representing the Company's ownership interest in the funds as well as other performance inputs. The Company's investment in each fund is not subject to redemption and is normally returned through distributions as a result of the liquidation of the underlying assets of the private equity funds. It was estimated that the investments in these funds will be liquidated over a weighted-average period of approximately five years at both March 31, 2013 and December 31, 2012.
- (f) This category includes several real estate funds that invest directly in real estate and real estate related assets. The fair values of the investments have been estimated using capital accounts representing the Company's ownership interest in the funds. A majority of the Company's investments are not subject to redemption or are not currently redeemable and is normally returned through distributions as a result of the liquidation of the underlying assets of the real estate funds. It is estimated that the investments in these funds not subject to redemptions will be liquidated over a weighted-average period of approximately seven years at March 31, 2013 and eight years at December 31, 2012.
- (g) This category includes investments in certain hedge funds that invest in energy and health science related equity securities. The fair values of the investments in this category have been estimated using capital accounts representing the Company's ownership interest in partners' capital as well as performance inputs. The investments in these funds will be liquidated upon settlement of certain deferred compensation liabilities.
- (h) This category includes the underlying third-party private equity funds within one consolidated BlackRock sponsored private equity fund of funds. The fair values of the investments in the third-party funds have been estimated using capital accounts representing the Company's ownership interest in each fund in the portfolio as well as other performance inputs. These investments are not subject to redemption; however, for certain funds the Company may sell or transfer its interest, which may need approval by the general partner of the underlying third-party funds. Due to the nature of the investments in this category, the Company reduces its investment by distributions that are received through the realization of the underlying assets of the funds. It is estimated that the underlying assets of these funds will be liquidated over a weighted-average period of approximately two years at March 31, 2013 and three years at December 31, 2012. Total remaining unfunded commitments to other third-party funds were \$1 million at both March 31, 2013 and December 31, 2012, which commitments are required to be funded by capital contributions from non-controlling interest holders.
- (i) This category includes consolidated fund of hedge funds that invests in multiple strategies to diversify risks. The fair values of the investments have been estimated using the NAV of the fund's ownership interest in partners' capital of each fund in the portfolio. The majority of the underlying funds can be redeemed as long as there are no restrictions in place. At March 31, 2013, the underlying funds that are currently restricted from redemptions within one year will be redeemable in approximately 12 to 24 months.

Fair Value Option. Upon the initial consolidation of certain CLOs, the Company elected to adopt the fair value option provisions for eligible assets and liabilities, including bank loans and borrowings of the CLOs to mitigate accounting mismatches between the carrying value of the assets and liabilities and to achieve operational simplification. To the extent there is a difference between the change in fair value of the assets and liabilities, the difference will be reflected as net income (loss) attributable to nonredeemable non-controlling interests on the condensed consolidated statements of income and offset by a change in appropriated retained earnings on the condensed consolidated statements of financial condition.

[Table of Contents](#)

5. Fair Value Disclosures (continued)

The following table summarizes information related to those assets and liabilities selected for fair value accounting as of March 31, 2013 and December 31, 2012:

<i>(in millions)</i>	March 31, 2013	December 31, 2012
CLO Bank Loans:		
Aggregate principal amounts outstanding	\$2,216	\$2,124
Fair value	2,222	2,110
Aggregate unpaid principal balance in excess of/(less than) fair value	(\$6)	\$14
Unpaid principal balance of loans more than 90 days past due	\$5	\$4
Aggregate fair value of loans more than 90 days past due	-	-
Aggregate unpaid principal balance in excess of fair value for loans more than 90 days past due	\$5	\$4
CLO Borrowings:		
Aggregate principal amounts outstanding	\$2,455	\$2,535
Fair value	\$2,332	\$2,402

At March 31, 2013, the principal amounts outstanding of the borrowings issued by the CLOs mature between 2016 and 2025.

During the three months ended March 31, 2013 and 2012, the change in fair value of the bank loans and bonds held by the CLOs resulted in a \$72 million gain and a \$56 million gain, respectively, which were offset by a \$41 million loss and a \$67 million loss, respectively, from the change in fair value of the CLO borrowings.

The net gains (losses) were recorded in net gain (loss) on consolidated VIEs on the condensed consolidated statements of income.

The change in fair value of the assets and liabilities included interest income and expense, respectively.

6. Variable Interest Entities

In the normal course of business, the Company is the manager of various types of sponsored investment vehicles, including CDOs/CLOs and sponsored investment funds, which may be considered VIEs. The Company receives advisory fees and/or other incentive-related fees for its services and may from time to time own equity or debt securities or enter into derivatives with the vehicles, each of which are considered variable interests. The Company enters into these variable interests principally to address client needs through the launch of such investment vehicles. The VIEs are primarily financed via capital contributed by equity and debt holders. The Company's involvement in financing the operations of the VIEs is generally limited to its equity interests.

The primary beneficiary ("PB") of a VIE that is an investment fund that meets the conditions of ASU 2010-10, *Amendments to Statement 167 for Certain Investment Funds* ("ASU 2010-10"), is the

Table of Contents

6. Variable Interest Entities (continued)

enterprise that has a variable interest (or combination of variable interests, including those of related parties) that will absorb a majority of the entity's expected losses, receive a majority of the entity's expected residual returns or both. In order to determine whether the Company is the PB of a VIE, management must make significant estimates and assumptions of probable future cash flows of the VIEs. Assumptions made in such analyses may include, but are not limited to, market prices of securities, market interest rates, potential credit defaults on individual securities or default rates on a portfolio of securities, pre-payments, realization of gains, liquidity or marketability of certain securities, discount rates and the probability of certain other outcomes.

The PB of a CDO/CLO or other entity that is a VIE that does not meet the conditions of ASU 2010-10 is the enterprise that has the power to direct activities of the entity that most significantly impact the entity's economic performance and has the obligation to absorb losses or the right to receive benefits that potentially could be significant to the entity.

Consolidated VIEs. Consolidated VIEs included CLOs in which BlackRock did not have an investment; however, BlackRock, as the collateral manager, was deemed to have both the power to control the activities of the CLOs and the right to receive benefits that could potentially be significant to the CLOs. In addition, BlackRock was the PB of several investment funds because it absorbed the majority of the variability due to its de facto third-party relationships with other partners in the funds. The assets of these VIEs are not available to creditors of the Company. In addition, the investors in these VIEs have no recourse to the credit of the Company. At March 31, 2013 and December 31, 2012, the following balances related to VIEs were consolidated on the condensed consolidated statements of financial condition:

<i>(in millions)</i>	<u>March 31, 2013</u>	<u>December 31, 2012</u>
Assets of consolidated VIEs:		
Cash and cash equivalents	\$290	\$297
Bank loans	2,222	2,110
Bonds	139	124
Other investments	153	30
Total bank loans, bonds and other investments	2,514	2,264
Liabilities of consolidated VIEs:		
Borrowings	(2,332)	(2,402)
Other liabilities	(275)	(103)
Appropriated retained earnings	(55)	(29)
Non-controlling interests of consolidated VIEs	(142)	(27)
Total BlackRock net interests in consolidated VIEs	<u>\$—</u>	<u>\$—</u>

For the three months ended March 31, 2013 and 2012, the Company recorded non-operating income of \$27 million and a non-operating loss of \$12 million, respectively, offset by \$27 million net income attributable to nonredeemable non-controlling interests and a \$12 million net loss attributable to nonredeemable non-controlling interests, respectively, on the condensed consolidated statements of income.

At March 31, 2013 and December 31, 2012, the weighted-average maturities of the bank loans and bonds were approximately 4.7 and 4.5 years, respectively.

[Table of Contents](#)

6. Variable Interest Entities (continued)

Non-Consolidated VIEs. At March 31, 2013 and December 31, 2012, the Company's carrying value of assets and liabilities and its maximum risk of loss related to VIEs for which it was the sponsor or in which it held a variable interest, but for which it was not the PB, were as follows:

<i>(in millions)</i>	Variable Interests on the Condensed Consolidated Statement of Financial Condition			
	Investments	Advisory Fee Receivables	Other Net Assets (Liabilities)	Maximum Risk of Loss⁽¹⁾
At March 31, 2013				
CDOs/CLOs	\$ 1	\$ 2	(\$5)	\$ 20
Other sponsored investment funds:				
Collective trusts	—	206	—	206
Other	18	78	—	96
Total	\$ 19	\$ 286	(\$5)	\$ 322
At December 31, 2012				
CDOs/CLOs	\$ 1	\$ 1	(\$5)	\$ 19
Other sponsored investment funds:				
Collective trusts	—	248	—	248
Other	17	61	(3)	77
Total	\$ 18	\$ 310	(\$8)	\$ 344

⁽¹⁾ At both March 31, 2013 and December 31, 2012, BlackRock's maximum risk of loss associated with these VIEs primarily related to: (i) advisory fee receivables; (ii) BlackRock's investments; and (iii) \$17 million of credit protection sold by BlackRock to a third party in a synthetic CDO transaction.

The net assets related to the above CDOs/CLOs and other sponsored investment funds, including collective trusts, that the Company does not consolidate were as follows:

CDOs/CLOs

<i>(in billions)</i>	March 31, 2013	December 31, 2012
Assets at fair value	\$4	\$4
Liabilities ⁽¹⁾	5	5
Net assets	(\$1)	(\$1)

⁽¹⁾ Amounts primarily comprised of unpaid principal debt obligations to CDO/CLO debt holders.

Other sponsored investments funds. Net assets of other sponsored investment funds that are non-consolidated VIEs approximated \$1.5 trillion to \$1.6 trillion at both March 31, 2013 and December 31, 2012. Net assets included \$1.3 trillion of collective trusts at March 31, 2013 and December 31, 2012. Each collective trust has been aggregated separately and may include collective trusts that invest in other collective trusts. The net assets of these VIEs primarily are comprised of cash and cash equivalents and investments offset by liabilities primarily comprised of various accruals for the sponsored investment vehicles.

7. Derivatives and Hedging

In May 2011, the Company entered into a designated cash flow hedge consisting of a \$750 million interest rate swap maturing in 2013 to hedge future cash flows on the Company's floating rate notes due in 2013. Interest on this swap is at a fixed rate of 1.03%, payable semi-annually on May 24 and November 24 of each year. The fair value of the interest rate swap at March 31, 2013 and December 31, 2012 was not material.

The Company maintains a program to enter into total return swaps to hedge against market price exposures with respect to certain seed investments in sponsored investment products. At both March 31, 2013 and December 31, 2012, the Company had 21 outstanding total return swaps, respectively, with an aggregate notional value of approximately \$127 million and \$206 million, respectively. The fair value of the outstanding total return swaps at March 31, 2013 and December 31, 2012 was not material.

Market risk from forward foreign currency exchange contracts is the effect on the value of a financial instrument that results from a change in currency exchange rates. The Company manages certain exposure to market risk associated with foreign currency exchange contracts by establishing and monitoring parameters that limit the types and degrees of market risk that may be undertaken. At March 31, 2013 and December 31, 2012, the Company had outstanding forward foreign currency exchange contracts with an aggregate notional value of approximately \$66 million and \$79 million, respectively. The fair value of the forward foreign currency exchange contracts at March 31, 2013 and December 31, 2012 was not material.

The Company entered into a credit default swap, providing credit protection to the counterparty of approximately \$17 million, representing the Company's maximum risk of loss with respect to the provision of credit protection. The Company carries the credit default swap at fair value based on the expected future cash flows under the arrangement. The fair value of the credit default swap was \$5 million at both March 31, 2013 and December 31, 2012 and was included in other liabilities on the condensed consolidated statements of financial condition.

Gains (losses) on total return swaps are recorded in non-operating income (expense) on the condensed consolidated statements of income and were (\$7) million and (\$12) million for the three months ended March 31, 2013 and 2012, respectively.

Gains (losses) on the interest rate swap, forward foreign currency exchange contracts and credit default swap were immaterial for the three months ended March 31, 2013 and 2012.

The Company consolidates certain sponsored investment funds, which may utilize derivative instruments as a part of the funds' investment strategies. The fair value of such derivatives at March 31, 2013 and December 31, 2012 was not material. The change in fair value of such derivatives, which is recorded in non-operating income (expense), was not material for the three months ended March 31, 2013 and 2012.

[Table of Contents](#)

8. Goodwill

Goodwill activity during the three months ended March 31, 2013 was as follows:

(in millions)

December 31, 2012	\$12,910
Goodwill adjustment related to Quellos and other ⁽¹⁾	(6)
March 31, 2013	\$12,904

⁽¹⁾ The decrease in goodwill during the three months ended March 31, 2013 primarily resulted from a decline related to tax benefits realized from tax-deductible goodwill in excess of book goodwill from the acquisition of the fund-of-funds business of Quellos Group, LLC in October 2007 (the "Quellos Transaction"). Goodwill related to the Quellos Transaction will continue to be reduced in future periods by the amount of tax benefits realized from tax-deductible goodwill in excess of book goodwill from the Quellos Transaction. The balance of the Quellos tax-deductible goodwill in excess of book goodwill was approximately \$316 million and \$324 million at March 31, 2013 and December 31, 2012, respectively.

9. Intangible Assets

The carrying amounts of identifiable intangible assets are summarized as follows:

(in millions)

	Indefinite-lived intangible assets	Finite-lived intangible assets	Total intangible assets
December 31, 2012	\$16,760	\$642	\$17,402
Amortization expense	—	(40)	(40)
March 31, 2013	\$16,760	\$602	\$17,362

10. Borrowings

Short-Term Borrowings

2013 Revolving Credit Facility. In March 2013, the Company's credit facility was amended to extend the maturity date by one year to March 2018 and the amount of the aggregate commitment was increased to \$3.990 billion (the "2013 credit facility"). The 2013 credit facility permits the Company to request an additional \$1.0 billion of borrowing capacity, subject to lender credit approval, increasing the overall size of the 2013 credit facility to an aggregate principal amount not to exceed \$4.990 billion. Interest on borrowings outstanding accrues at a rate based on the applicable London Interbank Offered Rate plus a spread. The 2013 credit facility requires the Company not to exceed a maximum leverage ratio (ratio of net debt to earnings before interest, taxes, depreciation and amortization, where net debt equals total debt less unrestricted cash) of 3 to 1, which was satisfied with a ratio of less than 1 to 1 at March 31, 2013. At March 31, 2013, the Company had no amount outstanding under the 2013 credit facility.

Commercial Paper Program. In April 2013, BlackRock increased the maximum aggregate amount for which the Company could issue unsecured commercial paper notes (the "CP Notes") on a private-placement basis up to a maximum aggregate amount outstanding at any time of \$3.990 billion. The commercial paper program is currently supported by the 2013 credit facility.

As of March 31, 2013 and December 31, 2012, BlackRock had no CP Notes outstanding.

Table of Contents

10. Borrowings (continued)

Long-Term Borrowings

The carrying value and fair value of long-term borrowings determined using market prices at the end of March 2013 included the following:

(in millions)	Maturity Amount	Unamortized Discount	Carrying Value	Fair Value
Floating Rate Notes due 2013	\$750	\$ —	\$750	\$750
3.50% Notes due 2014	1,000	—	1,000	1,051
1.375% Notes due 2015	750	—	750	764
6.25% Notes due 2017	700	(3)	697	852
5.00% Notes due 2019	1,000	(2)	998	1,180
4.25% Notes due 2021	750	(4)	746	843
3.375% Notes due 2022	750	(4)	746	794
Total Long-term Borrowings	\$ 5,700	(\$13)	\$ 5,687	\$ 6,234

Long-term borrowings at December 31, 2012 had a carrying value of \$5.687 billion and a fair value of \$6.275 billion determined using market prices at the end of December 2012.

See Note 11, Borrowings, in the 2012 Form 10-K for more information.

11. Commitments and Contingencies

Investment Commitments. At March 31, 2013, the Company had \$217 million of various capital commitments to fund sponsored investment funds, including funds of private equity funds, real estate funds, infrastructure funds, opportunistic funds and distressed credit funds. This amount excludes additional commitments made by consolidated funds of funds to underlying third-party funds as third-party non-controlling interest holders have the legal obligation to fund the respective commitments of such funds of funds. Generally, the timing of the funding of these commitments is unknown and the commitments are callable on demand at any time prior to the expiration of the commitment. These unfunded commitments are not recorded on the condensed consolidated statements of financial condition. These commitments do not include potential future commitments approved by the Company, but which are not yet legally binding. The Company intends to make additional capital commitments from time to time to fund additional investment products for, and with, its clients.

Contingencies

Contingent Payments. The Company acts as the portfolio manager in a series of credit default swap transactions and has a maximum potential exposure of \$17 million under a credit default swap between the Company and counterparty. See Note 7, Derivatives and Hedging, for further discussion.

Legal Proceedings. From time to time, BlackRock receives subpoenas or other requests for information from various U.S. federal, state governmental and domestic and international regulatory authorities in connection with certain industry-wide or other investigations or proceedings. It is BlackRock's policy to cooperate fully with such inquiries. The Company and certain of its subsidiaries have been named as defendants in various legal actions, including arbitrations and other litigation arising in connection with BlackRock's activities. Additionally, certain of the investment funds that the Company manages are subject to lawsuits, any of which potentially could harm the investment returns of the applicable fund or result in the Company being liable to the funds for any resulting damages.

[Table of Contents](#)

11. Commitments and Contingencies (continued)

Contingencies (continued)

Management, after consultation with legal counsel, currently does not anticipate that the aggregate liability, if any, arising out of regulatory matters or lawsuits will have a material effect on BlackRock's results of operations, financial position, or cash flows. However, there is no assurance as to whether any such pending or threatened matters will have a material effect on BlackRock's results of operations, financial position or cash flows in any future reporting period. Due to uncertainties surrounding the outcome of these matters, management cannot reasonably estimate the possible loss or range of loss that may arise from these matters.

Indemnifications. In the ordinary course of business or in connection with certain acquisition agreements, BlackRock enters into contracts pursuant to which it may agree to indemnify third parties in certain circumstances. The terms of these indemnities vary from contract to contract and the amount of indemnification liability, if any, cannot be determined or is considered remote. Consequently, no liability has been recorded on the condensed consolidated statements of financial condition.

In connection with securities lending transactions, BlackRock has issued certain indemnifications to certain securities lending clients against potential loss resulting from a borrower's failure to fulfill its obligations under the securities lending agreement should the value of the collateral pledged by the borrower at the time of default be insufficient to cover the borrower's obligation under the securities lending agreement. At March 31, 2013, the Company indemnified certain of its clients for their securities lending loan balances of approximately \$101.2 billion. The Company held as agent, cash and securities totaling \$106.4 billion as collateral for indemnified securities on loan at March 31, 2013. The fair value of these indemnifications was not material at March 31, 2013.

12. Stock-Based Compensation

Restricted stock and restricted stock units ("RSUs") activity for the three months ended March 31, 2013 is summarized below:

<u>Outstanding at</u>	<u>Restricted Stock and RSUs</u>	<u>Weighted- Average Grant Date Fair Value</u>
December 31, 2012	5,620,835	\$197.90
Granted	1,559,324	\$232.47
Converted	(2,313,218)	\$205.19
Forfeited	(14,258)	\$196.79
March 31, 2013 ⁽¹⁾	<u>4,852,683</u>	<u>\$205.53</u>

⁽¹⁾ At March 31, 2013, approximately 4.5 million awards are expected to vest and 0.3 million awards have vested but have not been converted.

The Company values restricted stock and RSUs at their grant-date fair value as measured by BlackRock's common stock price.

In January 2013, the Company granted 1,172,381 RSUs to employees as part of annual incentive compensation that vest ratably over three years from the date of grant and 370,812 RSUs to employees that cliff vest 100% on January 31, 2016.

At March 31, 2013, the intrinsic value of outstanding RSUs was \$1.2 billion.

[Table of Contents](#)

12. Stock-Based Compensation (continued)

At March 31, 2013, total unrecognized stock-based compensation expense related to unvested RSUs was \$532 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted-average period of 1.5 years.

Market Performance-based RSUs.

Market performance-based RSU activity for the three months ended March 31, 2013 is summarized below:

Outstanding at	Market Performance-Based RSUs	Weighted-Average Grant Date Fair Value
December 31, 2012	575,532	\$ 115.03
Granted	556,581	\$ 126.76
March 31, 2013 ⁽¹⁾	<u>1,132,113</u>	<u>\$ 120.80</u>

⁽¹⁾ At March 31, 2013, approximately 1.1 million awards are expected to vest and no awards have vested and have been converted.

The 556,581 market performance-based RSUs that the Company granted in January 2013 will be funded primarily by shares currently held by PNC (see *Long-Term Incentive Plans Funded by PNC* below).

At March 31, 2013, total unrecognized stock-based compensation expense related to unvested market performance-based awards was \$114 million. The unrecognized compensation cost is expected to be recognized over the remaining weighted-average period of 3.3 years.

Long-Term Incentive Plans Funded by PNC. Under a share surrender agreement, PNC committed to provide up to 4 million shares of BlackRock stock, held by PNC, to fund certain BlackRock long-term incentive plans ("LTIP"). The current share surrender agreement commits PNC to provide BlackRock series C non-voting participating preferred stock to fund the remaining committed shares. During 2007 through 2011, approximately 2.5 million shares were surrendered by PNC and in January 2013, 0.2 million shares were surrendered.

At March 31, 2013, the remaining shares committed by PNC of approximately 1.3 million were available to fund future long-term incentive awards.

Stock Options. Stock option activity for the three months ended March 31, 2013 is summarized below:

Outstanding at	Shares Under Option	Weighted-Average Exercise Price
December 31, 2012	1,099,909	\$ 167.76
Exercised	<u>(21,032)</u>	<u>\$ 167.76</u>
March 31, 2013 ⁽¹⁾	<u>1,078,877</u>	<u>\$ 167.76</u>

⁽¹⁾ At March 31, 2013, all options were vested. The aggregate intrinsic value of options exercised during the three months ended March 31, 2013 was \$1.5 million.

[Table of Contents](#)

13. Net Capital Requirements

The Company is required to maintain net capital in certain regulated subsidiaries within a number of jurisdictions, which is partially maintained by retaining cash and cash equivalent investments in those subsidiaries or jurisdictions. As a result, such subsidiaries of the Company may be restricted in their ability to transfer cash between different jurisdictions and to their parents. Additionally, transfers of cash between international jurisdictions, including repatriation to the United States, may have adverse tax consequences that could discourage such transfers.

Capital Requirements. At March 31, 2013, the Company was required to maintain approximately \$1,179 million in net capital in certain regulated subsidiaries, including BlackRock Institutional Trust Company, N.A. (a chartered national bank whose powers are limited to trust activities and which is subject to regulatory capital requirements administered by the Office of the Comptroller of the Currency), entities regulated by the Financial Services Authority (Financial Conduct Authority and Prudential Regulation Authority as of April 1, 2013) in the United Kingdom and the Company's broker-dealers and was in compliance with all applicable regulatory net capital requirements.

14. Accumulated Other Comprehensive Income (Loss)

The following table presents changes in AOCI by component for the three months ended March 31, 2013:

<i>(in millions)</i>	Unrealized gains and (losses) on available-for- sale investments	Benefit plans	Foreign currency translation adjustments	Total (1)
December 31, 2012	\$16	(\$4)	(\$71)	(\$59)
Other comprehensive income (loss) before reclassifications	4	-	(108)	(104)
Amount reclassified from AOCI ⁽²⁾	(3)	-	-	(3)
Net other comprehensive income (loss) for the three months ended March 31, 2013	1	-	(108)	(107)
March 31, 2013	\$17	(\$4)	(\$179)	(\$166)

(1) All amounts are net of tax.

(2) Amount related to realized gains (losses) on available-for-sale investments, net of tax benefit (expense) of \$1 million reclassified from AOCI to net gain (loss) on investments on the condensed consolidated statement of income during the three months ended March 31, 2013.

[Table of Contents](#)

15. Capital Stock

Non-voting Participating Preferred Stock. The Company's preferred shares authorized, issued and outstanding consisted of the following:

	March 31, 2013	December 31, 2012
Series A		
Shares authorized, \$0.01 par value	20,000,000	20,000,000
Shares issued and outstanding	-	-
Series B		
Shares authorized, \$0.01 par value	150,000,000	150,000,000
Shares issued and outstanding	823,188	823,188
Series C		
Shares authorized, \$0.01 par value	6,000,000	6,000,000
Shares issued and outstanding	1,311,887	1,517,237
Series D		
Shares authorized, \$0.01 par value	20,000,000	20,000,000
Shares issued and outstanding	-	-

Share Repurchase Approval. In January 2013, the Board of Directors approved an increase in the availability, under the Company's existing share repurchase program, to allow for the repurchase of up to 10.2 million shares of BlackRock common stock. The Company repurchased 1.0 million common shares in open market transactions under the share repurchase program for approximately \$250 million during the three months ended March 31, 2013. At March 31, 2013, there were 9.2 million shares still authorized to be repurchased.

16. Earnings Per Share

Prior to the quarter ended March 31, 2013, the Company calculated earnings per share ("EPS") pursuant to the two-class method as defined in ASC 260-10, *Earnings per Share* ("ASC 260-10"), which specifies that all outstanding unvested share-based payment awards that contain rights to non-forfeitable dividends or dividend equivalents are considered participating securities and should be included in the computation of EPS pursuant to the two-class method. The majority of the Company's participating securities vested in January 2013 and, therefore, beginning in the quarter ended March 31, 2013, the Company calculates EPS under the treasury stock method.

Due to the similarities in terms between BlackRock non-voting participating preferred stock and the Company's common stock, the Company considers its participating preferred stock to be a common stock equivalent for purposes of EPS calculations. As such, the Company has included the outstanding non-voting participating preferred stock in the calculation of average basic and diluted shares outstanding.

[Table of Contents](#)

16. Earnings Per Share (continued)

The following table sets forth the computation of basic and diluted EPS for the quarter ended March 31, 2013 under the treasury stock method:

	Three Months Ended March 31, 2013
<i>(in millions, except per share data)</i>	
Net income attributable to BlackRock	\$632
Basic weighted-average shares outstanding	171,301,800
Dilutive effect of:	
Non-participating RSUs and stock options	3,259,332
Total diluted weighted-average shares outstanding	<u>174,561,132</u>
Basic earnings per share	\$3.69
Diluted earnings per share	\$3.62

The following table sets forth the computation of basic and diluted EPS for the quarter ended March 31, 2012 under the two-class method:

	Three Months Ended March 31, 2012
<i>(in millions, except per share data)</i>	
Net income attributable to BlackRock	\$572
Less:	
Dividends distributed to common shares	285
Undistributed net income attributable to BlackRock	287
Percentage of undistributed net income allocated to common shares ⁽¹⁾	99.8%
Undistributed net income allocated to common shares	286
Plus:	
Common share dividends	285
Net income attributable to common shares	<u>\$571</u>
Basic weighted-average shares outstanding	179,022,840
Dilutive effect of:	
Non-participating RSUs and stock options	2,895,024
Total diluted weighted-average shares outstanding	<u>181,917,864</u>
Earnings per basic share attributable to BlackRock common stockholders	\$3.19
Earnings per dilutive share attributable to BlackRock common stockholders	\$3.14

⁽¹⁾ Allocation to common stockholders was based on the total of common and participating security stockholders (which represent unvested RSUs that contain nonforfeitable rights to dividends). For the three months ended March 31, 2012, average outstanding participating securities were 0.2 million.

[Table of Contents](#)

17. Segment Information

The Company's management directs BlackRock's operations as one business, the asset management business. As such, the Company operates in one business segment in accordance with ASC 280-10, *Segment Reporting*.

The following table illustrates investment advisory, administration fees, securities lending revenue and performance fees, *BlackRock Solutions*® and advisory revenue, distribution fees and other revenue for the three months ended March 31, 2013 and 2012, respectively.

<i>(in millions)</i>	Three Months Ended March 31,	
	2013	2012
Equity	\$ 1,161	\$ 1,068
Fixed income	486	433
Multi-asset class	255	246
Alternatives	249	221
Cash management	86	89
Total investment advisory, administration fees, securities lending revenue and performance fees	2,237	2,057
BlackRock Solutions and advisory	126	123
Distribution fees	17	19
Other revenue	69	50
Total revenue	<u>\$ 2,449</u>	<u>\$ 2,249</u>

The following table illustrates the Company's total revenue for the three months ended March 31, 2013 and 2012, respectively, by geographic region. These amounts are aggregated on a legal entity basis and do not necessarily reflect where the customer resides.

<i>(in millions)</i>	Three Months Ended March 31,	
	2013	2012
Revenue		
Americas	\$ 1,663	\$ 1,566
Europe	648	572
Asia-Pacific	138	111
Total revenue	<u>\$ 2,449</u>	<u>\$ 2,249</u>

[Table of Contents](#)

17. Segment Information (continued)

The following table illustrates the Company's long-lived assets that consist of goodwill and property and equipment at March 31, 2013 and December 31, 2012 by geographic region. These amounts are aggregated on a legal entity basis and do not necessarily reflect where the asset is physically located.

<i>(in millions)</i>	March 31, 2013	December 31, 2012
Long-lived Assets		
Americas	\$ 13,224	\$ 13,238
Europe	149	166
Asia-Pacific	60	63
Total long-lived assets	<u>\$ 13,433</u>	<u>\$ 13,467</u>

Americas primarily comprises the United States, Canada, Brazil and Mexico, while Europe primarily comprises the United Kingdom. Asia-Pacific primarily comprises Japan, Australia and Singapore.

18. Subsequent Events

At March 31, 2013, BlackRock held an approximately one-third economic equity interest in Private National Mortgage Acceptance Company, LLC ("PennyMac"), which is accounted for as an equity method investment.

On May 8, 2013, PennyMac Financial Services, Inc. became a holding company of PennyMac in an initial public offering ("PennyMac IPO"). As a result of the PennyMac IPO, BlackRock will adjust the carrying value of its equity method investment in PennyMac and record a non-cash, non-operating pre-tax gain of approximately \$40 million in the second quarter of 2013.

In addition to the subsequent events included in the notes to the condensed consolidated financial statements, the Company conducted a review for additional subsequent events and determined that no additional subsequent events had occurred that would require accrual or disclosure.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-looking Statements

This report, and other statements that BlackRock may make, may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act, with respect to BlackRock's future financial or business performance, strategies or expectations. Forward-looking statements are typically identified by words or phrases such as "trend," "potential," "opportunity," "pipeline," "believe," "comfortable," "expect," "anticipate," "current," "intention," "estimate," "position," "assume," "outlook," "continue," "remain," "maintain," "sustain," "seek," "achieve," and similar expressions, or future or conditional verbs such as "will," "would," "should," "could," "may" and similar expressions.

BlackRock cautions that forward-looking statements are subject to numerous assumptions, risks and uncertainties, which change over time. Forward-looking statements speak only as of the date they are made, and BlackRock assumes no duty to and does not undertake to update forward-looking statements. Actual results could differ materially from those anticipated in forward-looking statements and future results could differ materially from historical performance.

In addition to risk factors previously disclosed in BlackRock's Securities and Exchange Commission ("SEC") reports and those identified elsewhere in this report, the following factors, among others, could cause actual results to differ materially from forward-looking statements or historical performance: (1) the introduction, withdrawal, success and timing of business initiatives and strategies; (2) changes and volatility in political, economic or industry conditions, the interest rate environment, foreign exchange rates or financial and capital markets, which could result in changes in demand for products or services or in the value of assets under management; (3) the relative and absolute investment performance of BlackRock's investment products; (4) the impact of increased competition; (5) the impact of future acquisitions or divestitures; (6) the unfavorable resolution of legal proceedings; (7) the extent and timing of any share repurchases; (8) the impact, extent and timing of technological changes and the adequacy of intellectual property, information and cyber security protection; (9) the impact of legislative and regulatory actions and reforms, including the Dodd-Frank Wall Street Reform and Consumer Protection Act, and regulatory, supervisory or enforcement actions of government agencies relating to BlackRock or The PNC Financial Services Group, Inc. ("PNC"); (10) terrorist activities, international hostilities and natural disasters, which may adversely affect the general economy, domestic and local financial and capital markets, specific industries or BlackRock; (11) the ability to attract and retain highly talented professionals; (12) fluctuations in the carrying value of BlackRock's economic investments; (13) the impact of changes to tax legislation, including income, payroll and transaction taxes, and taxation on products or transactions, which could affect the value proposition to clients and, generally, the tax position of the Company; (14) BlackRock's success in maintaining the distribution of its products; (15) the impact of BlackRock electing to provide support to its products from time to time and any potential liabilities related to securities lending or other indemnification obligations; and (16) the impact of problems at other financial institutions or the failure or negative performance of products at other financial institutions.

Table of Contents

Overview

BlackRock, Inc. (“BlackRock” or the “Company”) is the world’s largest publicly-traded investment management firm. BlackRock has portfolio managers located around the world, including the United States, the United Kingdom, the Netherlands, Japan, Hong Kong, Singapore, Australia and Germany. At March 31, 2013, the Company managed \$3.936 trillion of assets under management (“AUM”) on behalf of institutional and individual investors worldwide. The Company provides a wide array of products, including passively and actively managed products in various equity, fixed income, multi-asset class, alternative investment and cash management products. BlackRock offers clients diversified access to global markets through separate accounts, collective investment trusts, open-end and closed-end mutual funds, exchange-traded products, hedge funds and funds of funds. BlackRock also provides global advisory services for private investment funds and retail products. The Company’s non-U.S. investment funds are based in a number of domiciles and cover a range of asset classes, including equities, fixed income, cash management and alternatives. In addition, *BlackRock Solutions*® provides market risk management, financial markets advisory and enterprise investment system services to a broad base of clients. Financial markets advisory services include valuation services relating to illiquid securities, dispositions and workout assignments (including long-term portfolio liquidation assignments), risk management and strategic planning and execution.

In the United States, retail offerings include various open-end and closed-end funds, including *iShares*®, the global product leader in exchange-traded products for institutional, retail and high net worth (“HNW”) investors. *iShares* AUM totaled \$802.8 billion at March 31, 2013. The BlackRock Global Funds, the Company’s primary retail fund group offered outside the United States, are authorized for distribution in 35 jurisdictions worldwide. Additional fund offerings include structured products, real estate funds, hedge funds, hedge funds of funds, private equity funds and funds of funds, and managed futures funds. These products are sold to both U.S. and non-U.S. HNW, retail and institutional investors in a wide variety of active and passive strategies covering equity, fixed income and alternative assets.

BlackRock’s client base consists of financial institutions and other corporate clients, pension plans, charities, official institutions, such as central banks, sovereign wealth funds, supranational authorities and other government entities, HNW individuals and retail investors around the world. BlackRock maintains a significant sales and marketing presence both inside and outside the United States that is focused on establishing and maintaining retail and institutional investment management relationships by marketing its services to investors directly and through financial professionals, pension consultants and establishing third-party distribution relationships, including the distribution of BlackRock products and services through Merrill Lynch under a global distribution agreement in effect until January 2014. After such term, the agreement will renew for one automatic three-year extension if certain conditions are met.

On March 31, 2013, PNC held 20.7% of the Company’s voting common stock and 21.7% of the Company’s capital stock, which includes outstanding common and non-voting preferred stock.

(1) Net of net income (loss) attributable to non-controlling interests ("NCI") (redeemable and nonredeemable).

(2) As adjusted items are described in more detail in *Non-GAAP Financial Measures*.

(3) Non-voting participating preferred shares are considered to be common stock equivalents for purposes of determining basic and diluted earnings per share calculations.

(4) Total BlackRock stockholders' equity, excluding appropriated retained earnings, divided by total common and preferred shares outstanding at March 31, 2013 and 2012, respectively.

[Table of Contents](#)

Three Months Ended March 31, 2013 Compared with Three Months ended March 31, 2012.

GAAP. Operating income of \$909 million and operating margin of 37.1% increased \$94 million and 90 bps, respectively, from the prior year quarter reflecting revenue growth and expense discipline. The first quarter 2013 results included \$33 million of compensation and severance costs associated with the alignment of staffing with the Company's strategic priorities and growth opportunities. First quarter 2013 results also included \$18 million of launch costs for the \$700 million Multi-Sector Income Trust closed-end fund launched in February 2013. Non-operating income (expense), less net income (loss) attributable to NCI decreased \$13 million due to higher interest expense resulting from long-term debt issuances in May 2012 and lower net positive marks on investments during the quarter ended March 31, 2013 compared with the quarter ended March 31, 2012. Earnings per diluted common share rose \$0.48, or 15%, compared with the quarter ended March 31, 2012 due to higher net income and the benefit of share repurchases.

As Adjusted. Operating income of \$921 million and operating margin of 40.0% increased \$96 million and 140 bps, respectively, from the first quarter 2012. The first quarter 2013 as adjusted results included the previously mentioned organizational alignment costs of \$33 million and fund launch costs of \$18 million. Earnings per diluted common share rose \$0.49, or 16%, from first quarter 2012.

See *Non-GAAP Financial Measures* for further information on as adjusted items.

For further discussion of BlackRock's revenue, expenses, non-operating results and income tax expense, see *Discussion of Financial Results* herein.

[Table of Contents](#)

Non-GAAP Financial Measures

BlackRock reports its financial results in accordance with accounting principles generally accepted in the United States (“GAAP”); however, management believes evaluating the Company’s ongoing operating results may be enhanced if investors have additional non-GAAP basis financial measures. Management reviews non-GAAP financial measures to assess ongoing operations and, for the reasons described below, considers them to be effective indicators, for both management and investors, of BlackRock’s financial performance over time. BlackRock’s management does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

Computations for all periods are derived from the Company’s condensed consolidated statements of income as follows:

(a) Operating income, as adjusted, and operating margin, as adjusted:

Operating income, as adjusted, equals operating income, GAAP basis, excluding certain items management deems non-recurring, or transactions that ultimately will not impact BlackRock’s book value, as indicated in the table below. Operating income used for operating margin measurement equals operating income, as adjusted, excluding the impact of closed-end fund launch costs and commissions. Operating margin, as adjusted, equals operating income used for operating margin measurement divided by revenue (net of distribution and servicing costs and amortization of deferred sales commissions) used for operating margin measurement, as indicated in the table below.

<i>(in millions)</i>	Three Months Ended	
	March 31,	
	2013	2012
Operating income, GAAP basis	\$909	\$815
Non-GAAP expense adjustments:		
PNC LTIP funding obligation	8	5
Compensation expense related to appreciation (depreciation) on deferred compensation plans	4	5
Operating income, as adjusted	921	825
Closed-end fund launch costs	16	-
Closed-end fund launch commissions	2	-
Operating income used for operating margin measurement	<u>\$939</u>	<u>\$825</u>
Revenue, GAAP basis	\$2,449	\$2,249
Non-GAAP adjustments:		
Distribution and servicing costs	(91)	(95)
Amortization of deferred sales commissions	(12)	(16)
Revenue used for operating margin measurement	<u>\$2,346</u>	<u>\$2,138</u>
Operating margin, GAAP basis	37.1%	36.2%
Operating margin, as adjusted	40.0%	38.6%

Management believes operating income, as adjusted, and operating margin, as adjusted, are effective indicators of BlackRock’s financial performance over time and, therefore, provide useful disclosure to investors.

Table of Contents

(a) continued

Operating income, as adjusted:

Operating income, as adjusted, reflects the non-GAAP expense adjustments discussed below. The portion of compensation expense associated with certain long-term incentive plans ("LTIP") funded or to be funded through share distributions to participants of BlackRock stock held by PNC has been excluded because it ultimately does not impact BlackRock's book value. Compensation expense associated with appreciation (depreciation) on investments related to certain BlackRock deferred compensation plans has been excluded as returns on investments set aside for these plans, which substantially offset this expense, are reported in non-operating income (expense).

Management believes operating income exclusive of these items is a useful measure in evaluating BlackRock's operating performance and helps enhance the comparability of this information for the reporting periods presented.

Operating income used for measuring operating margin, as adjusted, is equal to operating income, as adjusted, excluding the impact of closed-end fund launch costs and commissions. Management believes the exclusion of such costs and commissions is useful because these costs can fluctuate considerably and revenues associated with the expenditure of these costs will not fully impact the Company's results until future periods.

Operating margin, as adjusted, allows the Company to compare performance from period-to-period by adjusting for items that may not recur, recur infrequently or may have an economic offset in non-operating income (expense). Examples of such adjustments include commissions paid to certain employees as compensation and fluctuations in compensation expense based on mark-to-market movements in investments held to fund certain compensation plans. The Company also uses operating margin, as adjusted, to monitor corporate performance and efficiency and as a benchmark to compare its performance with other companies. Management uses both GAAP and non-GAAP financial measures in evaluating the financial performance of BlackRock. The non-GAAP measure by itself may pose limitations because it does not include all of the Company's revenues and expenses.

Revenue used for operating margin, as adjusted, excludes distribution and servicing costs paid to related parties and other third parties. Management believes the exclusion of such costs is useful because it creates consistency in the treatment for certain contracts for similar services, which due to the terms of the contracts, are accounted for under GAAP on a net basis within investment advisory, administration fees and securities lending revenue. Amortization of deferred sales commissions is excluded from revenue used for operating margin measurement, as adjusted, because such costs, over time, substantially offset distribution fee revenue earned by the Company. For each of these items, BlackRock excludes from revenue used for operating margin, as adjusted, the costs related to each of these items as a proxy for such offsetting revenues.

Table of Contents

(b) Non-operating income (expense), less net income (loss) attributable to NCI, as adjusted:

Non-operating income (expense), less net income (loss) attributable to NCI, as adjusted, is presented below. The compensation expense offset is recorded in operating income. This compensation expense has been included in non-operating income (expense), less net income (loss) attributable to NCI, as adjusted, to offset returns on investments set aside for these plans, which are reported in non-operating income (expense), GAAP basis.

<i>(in millions)</i>	Three Months Ended	
	March 31,	
	2013	2012
Non-operating income (expense), GAAP basis	\$41	\$23
Less: Net income (loss) attributable to NCI	34	3
Non-operating income (expense), net of NCI	7	20
Compensation expense related to (appreciation) depreciation on deferred compensation plans	(4)	(5)
Non-operating income (expense), net of NCI, as adjusted	\$3	\$15

Management believes non-operating income (expense), less net income (loss) attributable to NCI, as adjusted, provides comparability of this information among reporting periods and is an effective measure for reviewing BlackRock's non-operating contribution to its results. As compensation expense associated with (appreciation) depreciation on investments related to certain deferred compensation plans, which is included in operating income, substantially offsets the gain (loss) on the investments set aside for these plans, management believes non-operating income (expense), less net income (loss) attributable to NCI, as adjusted, provides a useful measure, for both management and investors, of BlackRock's non-operating results that impact book value.

(c) Net income attributable to BlackRock, as adjusted:

Management believes net income attributable to BlackRock, as adjusted, and diluted earnings per common share, as adjusted, are useful measures of BlackRock's profitability and financial performance. Net income attributable to BlackRock, as adjusted, equals net income attributable to BlackRock, GAAP basis, adjusted for significant non-recurring items, charges that ultimately will not impact BlackRock's book value or certain tax items that do not impact cash flow.

<i>(in millions, except per share data)</i>	Three Months Ended

[Table of Contents](#)

(c) *continued*

See note (a) Operating income, as adjusted, and operating margin, as adjusted, for information on the PNC LTIP funding obligation.

(d) For the quarters ended March 31, 2013 and 2012, the non-GAAP adjustments were tax effected at 31.0% and 31.5%, respectively.

(e) For the quarter ended March 31, 2012, the amount excluded net income attributable to participating securities.

(f) Non-voting participating preferred shares are considered to be common stock equivalents for purposes of determining basic and diluted earnings per share calculations.

Assets Under Management

AUM for reporting purposes generally is based upon how investment advisory and administration fees are calculated for each portfolio. Net asset values, total assets, committed assets or other measures may be used to determine portfolio AUM.

(1) Amounts include distributions representing return of capital and return on investment to investors.

(2) Foreign exchange reflects the impact of converting non-U.S. dollar denominated AUM into U.S. dollars for reporting purposes.

(3) Amounts include commodity *iShares*.

(4) Advisory AUM represents long-term portfolio liquidation assignments.

AUM increased \$144.8 billion to \$3.936 trillion at March 31, 2013 from \$3.792 trillion at December 31, 2012, largely driven by market gains and positive net new business, partially offset by a decrease in AUM from foreign exchange movements.

Net market appreciation of \$160.1 billion primarily included appreciation of \$137.8 billion from equity products, primarily due to higher U.S. and global equity markets.

The \$55.8 billion decrease in AUM from foreign exchange movements primarily resulted from the strengthening of the U.S. dollar, largely against the pound sterling and Japanese yen.

Net Subscriptions (Redemptions). Net subscriptions of \$40.5 billion reflected positive net new business across all client types, including \$25.6 billion, \$10.1 billion and \$4.8 billion from *iShares*, retail and HNW and institutional clients, respectively.

Long-term Net Subscriptions (Redemptions). Net subscriptions in long-term products of \$39.4 billion reflected the following:

Table of Contents

Net Subscriptions

- Equity *iShares* net new business of \$26.3 billion, concentrated in U.S. equity offerings;
- Non-ETF Index equity net inflows of \$14.3 billion primarily into global and U.S. equity mandates as clients continue their use of passive vehicles for broad macro exposure;
- Multi-asset net inflows of \$9.0 billion largely into global balanced products and *LifePath*[®] target-date funds; and
- Core alternatives net inflows of \$1.5 billion, concentrated in single strategy hedge funds.

Net Redemptions

- Active equity net outflows of \$6.9 billion, largely from fundamental U.S. equity and sector mandates;
- Active fixed income net outflows of \$2.4 billion reflecting institutional client outflows from U.S. targeted duration, core and sector-specialty mandates, partially offset by inflows from retail and HNW clients largely in U.S. core and municipal fixed-income offerings; and
- Alternatives currency and commodities net outflows of \$2.2 billion, primarily related to active currency outflows.

Cash Management Net Subscriptions. Cash management net inflows of \$0.2 billion were comprised of net inflows from Americas institutional clients into government funds partially offset by net outflows from Americas institutional clients in prime strategies.

Table of Contents

The following table presents the component changes in BlackRock's AUM for the twelve months ended March 31, 2013.

(in millions)	March 31, 2012	Net subscriptions (redemptions) (⁽¹⁾)	Acquisition (⁽²⁾)	Market appreciation (depreciation)	Foreign exchange (⁽³⁾)	March 31, 2013

Cash management	241,929	20,149	—	1,296	(2,045)	261,329
Sub-total	3,586,436	67,456	6,161	280,343	(49,812)	3,890,584
Advisory ⁽⁵⁾	97,651	(50,794)	—	(557)	(475)	45,825
Total	\$3,684,087	\$ 16,662	\$ 6,161	\$ 279,786	(\$50,287)	\$3,936,409

(1) Amounts include distributions representing return of capital and return on investment to investors. Amounts also include the effect of a single non-ETP index fixed income outflow of \$74.2 billion in the third quarter of 2012.

(2) Amounts represent AUM acquired from Swiss Re Private Equity Partners (the "SRPEP Transaction") in September 2012.

(3) Foreign exchange reflects the impact of converting non-U.S. dollar denominated AUM into U.S. dollars for reporting purposes.

(4) Amounts include commodity *iShares*.

(5) Advisory AUM represents long-term portfolio liquidation assignments.

AUM increased approximately \$252.3 billion to \$3.936 trillion at March 31, 2013 from \$3.684 trillion at March 31, 2012, largely driven by market appreciation, long-term net inflows of \$121.5 billion (excluding the effect of a single non-ETP index fixed income outflow of \$74.2 billion in the third quarter of 2012) and acquired AUM related to the SRPEP Transaction. The increase in AUM was partially offset by a decrease in AUM from foreign exchange movements.

Net market appreciation of \$279.8 billion included \$188.8 billion from equity products, primarily due to higher U.S. and global equity markets, and \$68.9 billion from fixed-income products, concentrated in local currency and U.S. products.

The \$50.3 billion decrease in AUM from foreign exchange movements was due to the strengthening of the U.S. dollar, primarily against the pound sterling and Japanese yen.

Net Subscriptions (Redemptions). Net subscriptions of \$16.7 billion included the effect of a single low-fee, non-ETP index fixed-income redemption of \$74.2 billion in the third quarter 2012. The net

Table of Contents

new business figures below exclude this redemption. Net subscriptions of \$90.9 billion reflected net subscriptions of \$92.6 billion from *iShares* clients and \$22.8 billion from retail and HNW clients, partially offset by net redemptions of \$24.5 billion from institutional clients.

Long-term Net Subscriptions (Redemptions). Net subscriptions in long-term products totaling \$121.5 billion, excluding the single low-fee non-ETP index fixed-income outflow discussed above, reflected the following:

Net Subscriptions

- Equity *iShares* net inflows of \$71.4 billion, concentrated in U.S. equity offerings and regional and country specific strategies;
- Non-ETF index equity products net inflows of \$33.9 billion primarily in global and regional and country specific strategies, partially offset by outflows from U.S. equity products;
- Multi-asset class products net inflows of \$20.1 billion, reflecting strong demand for target-date funds, including *LifePath* portfolios;
- Fixed income *iShares* net inflows of \$18.3 billion, concentrated in local currency, global and U.S. sector-specific strategies; and
- Non-ETF index fixed income products net inflows of \$8.4 billion concentrated in U.S. core strategies.

Net Redemptions

- Active equity net outflows of \$20.5 billion concentrated in U.S. equity and sector products;
- Alternatives net outflows of \$7.5 billion primarily related to outflows in currency products, partially offset by \$2.5 billion of net inflows into commodity *iShares*; and
- Active fixed income net outflows of \$2.6 billion concentrated in U.S. targeted duration and U.S. core strategies, partially offset by net inflows into municipal and sector specific strategies.

Cash Management Net Subscriptions. Cash management net inflows of \$20.1 billion were comprised of net inflows from Americas institutional and retail clients primarily into government and prime strategies, respectively, and net inflows from international institutional clients concentrated in offshore funds.

Advisory Net Redemptions. Advisory net outflows of \$50.8 billion were driven by planned portfolio liquidation disbursements.

Discussion of Financial Results

Operating income of \$909 million and operating margin of 37.1% increased \$94 million and 90 bps, respectively, from the prior year quarter reflecting revenue growth and expense discipline. The first quarter 2013 results included \$33 million of compensation and severance costs associated with the alignment of staffing with the Company's strategic priorities and growth opportunities. First quarter 2013 results also included \$18 million of launch costs for the \$700 million Multi-Sector Income Trust closed-end fund launched in February 2013. Non-operating income (expense), less net income (loss) attributable to NCI decreased \$13 million due to higher interest expense resulting from long-term debt issuances in May 2012 and lower net positive marks on investments during the quarter ended March 31, 2013 compared with the quarter ended March 31, 2012. Earnings per diluted common share rose \$0.48, or 15%, compared with the quarter ended March 31, 2012 due to higher net income and the benefit of share repurchases.

Table of Contents

Additional financial information concerning the Company's results of operations for the quarters ended March 31, 2013 and 2012 is discussed below. For a further description of the Company's revenues and expenses, see the Company's Annual Report on Form 10-K for the year ended December 31, 2012 ("2012 Form 10-K").

Revenue

Revenues increased \$200 million, or 9%, compared with first quarter 2012 reflecting base fee growth and strong performance fees.

(in millions)	Three Months Ended March 31,		Variance
	2013	2012

⁽¹⁾ Certain prior period information has been reclassified to conform to current period presentation.

Investment advisory, administration fees and securities lending revenue of \$2.1 billion in first quarter 2013 increased \$152 million from \$2.0 billion in first quarter 2012 due to growth in long-term average AUM. Securities lending fees were \$112 million and \$111 million in the first quarter 2013 and first quarter 2012, respectively.

Table of Contents

Investment advisory performance fees were \$108 million in first quarter 2013 compared with \$80 million in first quarter 2012, primarily reflecting higher fees from alternative products, including single-strategy hedge funds.

BlackRock Solutions and advisory revenue in first quarter 2013 totaled \$126 million compared with \$123 million in first quarter 2012, primarily reflecting higher revenue from *Aladdin*® mandates more than offsetting the decline in revenues associated with the run off of assets related to advisory assignments.

Other revenue increased \$19 million, largely reflecting higher transition management service fees and higher earnings from certain investments.

The table below lists the asset type mix of investment advisory, administration fees and securities lending revenue (collectively "base fees") and mix of average AUM by asset class:

	Mix of Base Fees Three Months Ended		Mix of Average AUM by Asset Class ⁽¹⁾	
	March 31,		March 31,	
	2013	2012	2013	2012

Total expenses, as adjusted	\$ 1,528	\$ 1,424	\$ 104

⁽¹⁾ See Non-GAAP Financial Measures for further information on as adjusted items.

Total GAAP expenses increased \$106 million to \$1,540 million in first quarter 2013 from \$1,434 million in first quarter 2012.

Employee compensation and benefits expense increased \$80 million, or 10%, to \$905 million in first quarter 2013 from \$825 million in first quarter 2012 reflecting higher incentive compensation driven by higher operating income, including higher performance fees. The current quarter also reflected the organizational alignment costs of \$33 million. Employees at March 31, 2013 totaled approximately 10,600 compared with approximately 9,900 at March 31, 2012.

Table of Contents

Distribution and servicing costs totaled \$91 million in first quarter 2013 compared with \$95 million in first quarter 2012. These costs included payments to Bank of America/Merrill Lynch under the global distribution agreement and PNC, as well as other third parties, primarily associated with the distribution and servicing of client investments in certain BlackRock products.

Distribution and servicing costs for first quarter 2013 and 2012 included \$47 million and \$48 million, respectively, of costs attributable to Bank of America and affiliates.

General and administration expenses increased \$24 million, largely driven by closed-end fund launch costs of \$16 million (excluding \$2 million included in employee compensation and benefits expense).

Non-operating Results

Non-operating income (expense), less net income (loss) attributable to NCI for the quarters ended March 31, 2013 and 2012 was as follows:

<i>(in millions)</i>	Three Months Ended March 31,		Variance
	2013	2012	
Non-operating income (expense), GAAP basis	\$ 41	\$ 23	\$ 18
Less: Net income (loss) attributable to NCI ⁽¹⁾	34	3	31
Non-operating income (expense) ⁽²⁾	7	20	(13)
Compensation expense related to (appreciation) depreciation on deferred compensation plans	(4)	(5)	1
Non-operating income (expense), as adjusted ⁽²⁾	<u>\$ 3</u>	<u>\$ 15</u>	<u>(\$12)</u>

⁽¹⁾ Amounts included gains of \$27 million and losses of \$12 million attributable to consolidated variable interest entities ("VIEs") for the quarters ended March 31, 2013 and 2012, respectively.

⁽²⁾ Net of net income (loss) attributable to NCI.

Table of Contents

The components of non-operating income (expense), less net income (loss) attributable to NCI, for the quarters ended March 31, 2013 and 2012 were as follows:

<i>(in millions)</i>	Three Months Ended March 31,		Variance
	2013	2012	
Net gain (loss) on investments ⁽¹⁾			
Private equity	\$19	\$21	(\$2)
Real estate	3	1	2
Distressed credit/mortgage funds	19	28	(9)
Hedge funds/funds of hedge funds	3	6	(3)
Other investments ⁽²⁾	7	(1)	8
Sub-total	51	55	(4)
Investments related to deferred compensation plans	4	5	(1)
Total net gain (loss) on investments	55	60	(5)
Interest and dividend income	6	9	(3)
Interest expense	(54)	(49)	(5)
Net interest expense	(48)	(40)	(8)
Total non-operating income (expense) ⁽¹⁾	7	20	(13)
Compensation expense related to (appreciation) depreciation on deferred compensation plans	(4)	(5)	1
Non-operating income (expense), as adjusted ⁽¹⁾	<u>\$3</u>	<u>\$15</u>	<u>(\$12)</u>

⁽¹⁾ Net of net income (loss) attributable to NCI.

⁽²⁾ Amounts included net gains (losses) related to equity and fixed income investments, and BlackRock's seed capital hedging program.

Net gains on investments of \$51 million in first quarter 2013 decreased \$4 million from first quarter 2012 due to lower net positive marks.

Net interest expense increased \$8 million from first quarter 2012, primarily due to long-term debt issuances in May 2012. For further information on the Company's long-term debt, see *Liquidity and Capital Resources* herein.

Income Tax Expense

Income tax expense for the quarters ended March 31, 2013 and 2012 was as follows:

<i>(in millions)</i>	GAAP		As adjusted	
	Three Months Ended March 31,		Three Months Ended March 31,	
	2013	2012	2013	2012
Income before income taxes ⁽¹⁾	\$916	\$835	\$924	\$840
Income tax expense	\$284	\$263	\$287	\$265
Effective tax rate	31.0%	31.5%	31.0%	31.5%

⁽¹⁾ Net of net income (loss) attributable to NCI.

Balance Sheet Overview

As Adjusted Balance Sheet

The following table presents a reconciliation of the Company's condensed consolidated statement of financial condition presented on a GAAP basis to the Company's condensed consolidated statement of financial condition excluding the impact of separate account assets and separate account collateral held under securities lending agreements (directly related to lending securities held by separate account assets) and separate account liabilities and separate account collateral liabilities under securities lending agreements, consolidated VIEs and consolidated sponsored investment funds.

The Company presents the as adjusted balance sheet as additional information to enable investors to eliminate gross presentation of certain assets that have equal and offsetting liabilities or non-controlling interests and ultimately do not have an impact on stockholders' equity (excluding appropriated retained earnings related to consolidated collateralized loan obligations ("CLOs")) or cash flows. Management reviews the Company's as adjusted balance sheet, a non-GAAP financial measure, as an economic presentation of its total assets and liabilities; however, it does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

Separate Account Assets and Liabilities and Separate Account Collateral Held under Securities Lending Agreements

The separate account assets are maintained by a wholly owned subsidiary of the Company, which is a registered life insurance company in the United Kingdom, and represent segregated assets held for purposes of funding individual and group pension contracts. In accordance with GAAP, the Company records equal and offsetting separate account liabilities. The separate account assets are not available to creditors of the Company and the holders of the pension contracts have no recourse to the Company's assets. The net investment income attributable to separate account assets accrues directly to the contract owners and is not reported on the Company's condensed consolidated statements of income. While BlackRock has no economic interest in these assets or liabilities, BlackRock earns an investment advisory fee for the service of managing these assets on behalf of the clients.

In addition, the Company records on its condensed consolidated statements of financial condition the separate account collateral received under securities lending arrangements as its own asset in addition to an equal and offsetting separate account collateral liability for the obligation to return the collateral.

Consolidated VIEs

At March 31, 2013, BlackRock's consolidated VIEs included CLOs and investment funds. The assets of these VIEs are not available to creditors of the Company and the Company has no obligation to settle the liabilities of the VIEs. While BlackRock has no material economic interest in these assets or liabilities, BlackRock earns an investment advisory fee, as well as a potential performance fee, for the service of managing these assets on behalf of clients.

⁽¹⁾ Amounts include property and equipment and other assets.

⁽²⁾ GAAP amount includes \$55 million of appropriated retained earnings related solely to consolidated CLOs in which the Company has no equity exposure.

Table of Contents

The following table presents selected significant components of BlackRock's GAAP condensed consolidated statements of financial condition at March 31, 2013 and December 31, 2012:

<i>(in millions)</i>	March 31, 2013	December 31, 2012	Variance
Assets:			
Cash and cash equivalents	\$ 3,942	\$ 4,606	(\$664)
Accounts receivable	2,618	2,250	368
Investments	1,711	1,750	(39)
Goodwill and intangible assets, net	30,266	30,312	(46)
Other assets ⁽¹⁾	1,156	1,183	(27)
Liabilities:			
Accrued compensation and benefits	602	1,547	(945)
Accounts payable and accrued liabilities	1,657	1,055	602
Borrowings ⁽²⁾	5,687	5,787	(100)
Deferred income tax liabilities	5,379	5,293	86
Other liabilities	898	858	40
Stockholders' equity	25,345	25,403	(58)

(1) Amounts include property and equipment and other assets.

(2) Amounts include long-term borrowings at both March 31, 2013 and December 31, 2012 and \$100 million of short-term borrowings at December 31, 2012.

The following discussion summarizes the significant changes in assets and liabilities. The discussion does not include changes related to assets and liabilities that are equal and offsetting and have no impact on BlackRock's stockholders' equity.

Cash and Cash Equivalents. Cash and cash equivalents at March 31, 2013 and December 31, 2012 included \$117 million and \$133 million, respectively, of cash held by consolidated sponsored investment funds. See *Liquidity and Capital Resources* for details on the change in cash and cash equivalents during 2013.

Accounts Receivable. Accounts receivable at March 31, 2013 increased \$368 million from December 31, 2012, primarily reflecting an increase in unit trust receivables, (substantially offset by an increase in unit trust payables recorded within accounts payable and accrued liabilities), offset by the collection of performance fee revenue earned in the fourth quarter 2012.

Investments. BlackRock reports its investments on a GAAP basis, which includes investments that are held by sponsored investment funds deemed to be controlled by BlackRock in accordance with GAAP. As a result, management reviews BlackRock's investments on an "economic" basis, which eliminates the portion of investments that does not impact BlackRock's book value. BlackRock's management does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

The Company presents total investments, as adjusted, to enable investors to understand the portion of its investments that is owned by the Company, net of NCI, as a gauge to measure the impact of changes in net non-operating gain (loss) on investments to net income (loss) attributable to BlackRock.

Table of Contents

The Company further presents total net “economic” investment exposure, net of deferred compensation investments and hedged investments, to reflect another gauge for investors as the economic impact of investments held pursuant to deferred compensation arrangements is substantially offset by a change in compensation expense and the impact of hedged investments is substantially mitigated by total return swap hedges. Carried interest capital allocations are excluded as there is no impact to BlackRock’s stockholders’ equity until such amounts are realized as performance fees. Finally, the Company’s regulatory investment in Federal Reserve Bank stock, which is not subject to market or interest rate risk, is excluded from the Company’s net economic investment exposure.

<i>(in millions)</i>	March 31, 2013	December 31, 2012
Total investments, GAAP	\$ 1,711	\$ 1,750
Investments held by consolidated sponsored investment funds ⁽¹⁾	(564)	(524)
Net exposure to consolidated investment funds	465	430
Total investments, as adjusted	1,612	1,656
Federal Reserve Bank stock	(90)	(89)
Carried interest	(127)	(85)
Deferred compensation investments	(66)	(62)
Hedged investments	(127)	(209)
Total “economic” investment exposure	<u>\$ 1,202</u>	<u>\$ 1,211</u>

⁽¹⁾ At March 31, 2013 and December 31, 2012, approximately \$564 million and \$524 million, respectively, of BlackRock’s total GAAP investments were maintained in sponsored investment funds that were deemed to be controlled by BlackRock in accordance with GAAP, and, therefore, are consolidated even though BlackRock may not economically own a majority of such funds.

As adjusted investment activity for the three months ended March 31, 2013 was as follows:

<i>(in millions)</i>	
Investments as adjusted, December 31, 2012	\$ 1,656
Sales/maturities	(205)
Distributions ⁽¹⁾	(54)
Purchases/capital contributions	125
Market valuations/earnings from equity method investments	48
Carried interest capital allocations	42
Investments as adjusted, March 31, 2013	<u>\$ 1,612</u>

⁽¹⁾ Amount represents return of capital and return on investments

Table of Contents

The following table represents the carrying value of the Company's economic investment exposure, by asset type, at March 31, 2013 and December 31, 2012:

<i>(in millions)</i>	March 31, 2013	December 31, 2012	Variance
Private equity	\$ 306	\$ 298	\$ 8
Real estate	120	122	(2)
Distressed credit/mortgage funds	202	214	(12)
Hedge funds/funds of hedge funds	164	159	5
Other investments ⁽¹⁾	410	418	(8)
Total "economic" investment exposure	<u>\$ 1,202</u>	<u>\$ 1,211</u>	<u>(\$9)</u>

⁽¹⁾ Other investments primarily include seed investments in fixed income and equity funds/strategies as well as U.K. government securities held for regulatory purposes.

The following table represents investments, as adjusted at March 31, 2013:

<i>(in millions)</i>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Other Investments Not Held at Fair Value ⁽¹⁾	Investments at March 31, 2013
Total investments, as adjusted ⁽²⁾	\$ 477	\$ 211	\$ 562	\$ 362	\$ 1,612

⁽¹⁾ Amount includes investments held at cost, amortized cost, carried interest and equity method investments, which include investment companies, which in accordance with GAAP are not accounted for under a fair value measure. In accordance with GAAP, certain equity method investees do not account for both their financial assets and financial liabilities under fair value measures, therefore, the Company's investment in such equity method investees may not represent fair value.

⁽²⁾ Amounts include BlackRock's portion of cash and cash equivalents, other assets and liabilities that are consolidated from non-VIE sponsored investment funds. See Note 5, Fair Value Disclosures, to the Company's condensed consolidated financial statements contained in Part I, Item 1 of this filing, for total GAAP investments.

Goodwill and Intangible Assets. Goodwill and intangible assets at March 31, 2013 decreased \$46 million from December 31, 2012 primarily due to \$40 million of amortization expense.

Other Assets. Other assets at March 31, 2013 decreased \$27 million from December 31, 2012, primarily related to a decrease in property and equipment and current taxes receivable, partially offset by higher earnings from certain investments.

Accrued Compensation and Benefits. Accrued compensation and benefits at March 31, 2013 decreased \$945 million from December 31, 2012, primarily due to 2012 incentive compensation cash payments in the first quarter of 2013, partially offset by the effect of 2013 incentive compensation accruals.

Accounts Payable and Accrued Liabilities. Accounts payable and accrued liabilities at March 31, 2013 increased \$602 million from December 31, 2012, due to higher unit trust payables (substantially offset by an increase in unit trust receivables recorded within accounts receivable), higher current taxes payable and increased accruals, including direct fund expenses.

Borrowings. Borrowings at March 31, 2013 decreased \$100 million from December 31, 2012 resulting from the repayment of short-term borrowings.

Table of Contents

Deferred Income Tax Liabilities. Net deferred income tax liabilities at March 31, 2013 increased \$86 million, primarily as a result of the effects of temporary differences associated with stock compensation and investment income.

Other Liabilities. Other liabilities at March 31, 2013 increased \$40 million from December 31, 2012, primarily resulting from an increase in deferred carried interest.

Stockholders' Equity. Total stockholders' equity at March 31, 2013 decreased \$58 million from December 31, 2012, primarily resulting from \$461 million of share repurchases, including \$250 million (1.0 million shares) in open market transactions and \$211 million (0.9 million shares) of employee tax withholdings related to employee stock transactions, \$309 million of cash dividend payments and \$108 million of foreign currency translation adjustments. The decrease in stockholders' equity was partially offset by \$632 million of net income attributable to BlackRock, \$127 million of stock-based compensation expense and \$28 million of excess tax benefits from vested stock-based compensation.

Liquidity and Capital Resources

BlackRock Cash Flows Excluding the Impact of Consolidated Sponsored Investment Funds and VIEs

In accordance with GAAP, BlackRock consolidates certain BlackRock sponsored investment funds and CLOs, notwithstanding the fact BlackRock may only have a minority interest, if any, in these funds or CLOs. As a result, BlackRock's condensed consolidated statements of cash flows include the cash flows of consolidated sponsored investment funds and CLOs. The Company uses an adjusted cash flow statement, which excludes the impact of consolidated sponsored investment funds and CLOs, as a supplemental non-GAAP measure to assess liquidity and capital requirements. The Company believes that its cash flows, excluding the impact of the consolidated sponsored investment funds and CLOs, provide investors with useful information on the cash flows of BlackRock relating to its ability to fund additional operating, investing and financing activities. BlackRock's management does not advocate that investors consider such non-GAAP measures in isolation from, or as a substitute for, its cash flows presented in accordance with GAAP.

The following table presents a reconciliation of the condensed consolidated statements of cash flows presented on a GAAP basis to the consolidated statements of cash flows, excluding the impact of the cash flows of consolidated sponsored investment funds and consolidated VIEs:

	GAAP Basis	Impact on Cash Flows of Consolidated Sponsored Investment Funds	Impact on Cash Flows of Consolidated VIEs	Cash Flows Excluding Impact of Consolidated Sponsored Investment Funds and VIEs
<i>(in millions)</i>				
Cash and cash equivalents, December 31, 2012	\$4,606	\$ 133	\$ —	\$ 4,473
Cash flows from operating activities	190	5	(34)	219
Cash flows from investing activities	31	(14)	—	45
Cash flows from financing activities	(805)	(7)	34	(832)
Effect of exchange rate changes on cash and cash equivalents	(80)	—	—	(80)
Net change in cash and cash equivalents	(664)	(16)	—	(648)
Cash and cash equivalents, March 31, 2013	\$3,942	\$ 117	\$ —	\$ 3,825

Table of Contents

Sources of BlackRock's operating cash primarily include investment advisory, administration fees and securities lending revenue, performance fees, revenue from *BlackRock Solutions* and advisory products and services, other revenue and distribution fees.

BlackRock uses its cash to pay all operating expenses, interest and principal on the Company's borrowings, income taxes, dividends on BlackRock's capital stock, repurchases of the Company's stock, capital expenditures and purchases of co-investments and seed investments.

Cash flows from operating activities, excluding the impact of consolidated sponsored investment funds and VIEs, primarily include the receipt of investment advisory and administration fees, securities lending revenue and other revenue offset by the payment of operating expenses incurred in the normal course of business, including the effect of first quarter cash payments related to year-end incentive compensation.

Cash inflows from investing activities, excluding the impact of consolidated sponsored investment funds and VIEs, for the quarter ended March 31, 2013 were \$45 million and primarily reflected \$130 million of net proceeds from sales and maturities of investments and \$25 million of return of capital from equity method investees, partially offset by \$92 million of investment purchases.

Cash outflows from financing activities, excluding the impact of consolidated sponsored investment funds and VIEs, for the quarter ended March 31, 2013 were \$832 million, primarily resulting from \$461 million of share repurchases, including \$250 million in open market transactions and \$211 million of employee tax withholdings related to employee stock transactions, \$309 million of payments for cash dividends and a \$100 million repayment of short-term debt. Cash outflows from financing activities were partially offset by cash inflows related to \$32 million of excess tax benefits from stock-based compensation.

The Company manages its financial condition and funding to maintain appropriate liquidity for the business. Liquidity resources at March 31, 2013 and December 31, 2012 were as follows:

<i>(in millions)</i>	March 31, 2013	December 31, 2012	Variance
Cash and cash equivalents	\$ 3,942	\$ 4,606	(\$664)
Cash and cash equivalents held by consolidated sponsored investment funds ⁽¹⁾	(117)	(133)	16
Subtotal	3,825	4,473	(648)
Credit facility – undrawn	3,990	3,685	305
Total liquidity	\$ 7,815	\$ 8,158	(\$343)

⁽¹⁾ The Company may not be able to access such cash to use in its operating activities.

Total liquidity decreased \$0.3 billion during the quarter ended March 31, 2013, primarily reflecting the cash payments of 2012 year-end incentive awards and share repurchases, including \$250 million in open market transactions, partially offset by the increased aggregate commitment of the 2013 credit facility to \$3.990 billion. A portion of liquidity may be utilized to pay down the current portion of long-term debt maturing in 2013.

A significant portion of the Company's \$1,612 million of total investments, as adjusted, is illiquid in nature and, as such, may not be readily convertible to cash.

Table of Contents

Share Repurchase Approval. In January 2013, the Board of Directors approved an increase in the availability under the Company's existing share repurchase program to allow for the repurchase of up to 10.2 million shares of BlackRock common stock.

The Company repurchased 1.0 million shares in open market transactions under the share repurchase program for approximately \$250 million during the first quarter 2013. At March 31, 2013, there were 9.2 million shares still authorized to be repurchased.

Net Capital Requirements. The Company is required to maintain net capital in certain regulated subsidiaries within a number of jurisdictions, which is partially maintained by retaining cash and cash equivalent investments in those jurisdictions. As a result, such subsidiaries of the Company may be restricted in their ability to transfer cash between different jurisdictions and to their parents. Additionally, transfers of cash between international jurisdictions, including repatriation to the United States, may have adverse tax consequences that could discourage such transfers.

BlackRock Institutional Trust Company, N.A. ("BTC") is chartered as a national bank that does not accept client deposits and whose powers are limited to trust activities. BTC provides investment management services, including investment advisory and securities lending agency services to institutional investors and other clients. BTC is subject to regulatory capital and liquid asset requirements administered by the Office of the Comptroller of the Currency.

At March 31, 2013, the Company was required to maintain approximately \$1,179 million, compared with \$1,209 million at December 31, 2012, in net capital in certain regulated subsidiaries, including BTC, entities regulated by the Financial Services Authority (Financial Conduct Authority and Prudential Regulation Authority as of April 1, 2013) in the United Kingdom and the Company's broker-dealers, and was in compliance with all applicable regulatory minimum net capital requirements.

Short-Term Borrowings

The following describes the Company's short-term borrowing arrangements that the Company has access to utilize.

2013 Revolving Credit Facility. In March 2013, the Company's credit facility was amended to extend the maturity date by one year to March 2018 and the amount of the aggregate commitment was increased to \$3.990 billion (the "2013 credit facility"). The 2013 credit facility permits the Company to request an additional \$1.0 billion of borrowing capacity, subject to lender credit approval, increasing the overall size of the 2013 credit facility to an aggregate principal amount not to exceed \$4.990 billion. Interest on borrowings outstanding accrues at a rate based on the applicable London Interbank Offered Rate plus a spread. The 2013 credit facility requires the Company not to exceed a maximum leverage ratio (ratio of net debt to earnings before interest, taxes, depreciation and amortization, where net debt equals total debt less unrestricted cash) of 3 to 1, which was satisfied with a ratio of less than 1 to 1 at March 31, 2013.

The 2013 credit facility provides back-up liquidity, funds ongoing working capital for general corporate purposes and funds various investment opportunities. At March 31, 2013, the Company had no amount outstanding under this facility.

Commercial Paper Program. In April 2013, BlackRock increased the maximum aggregate amount for which the Company could issue unsecured commercial paper notes (the "CP Notes") on a private-placement basis up to a maximum aggregate amount outstanding at any time of \$3.990 billion. The commercial paper program is currently supported by the 2013 credit facility.

Table of Contents

At March 31, 2013 and December 31, 2012, BlackRock had no CP Notes outstanding.

Long-Term Borrowings

At March 31, 2013, the principal amount of long-term borrowings was \$5.7 billion. See Note 11, Borrowings, in the 2012 Form 10-K for more information on borrowings outstanding as of December 31, 2012. During the quarter ended March 31, 2013, the Company paid approximately \$24 million of interest on long-term borrowings. Principal repayments and interest requirements at March 31, 2013 were as follows:

(in millions)

<u>Year</u>	<u>Principal</u>	<u>Interest⁽¹⁾</u>	<u>Total Payments</u>
2013	\$ 750	\$ 176	\$ 926
2014	1,000	196	1,196
2015	750	156	906
2016	-	151	151
2017	700	151	851
2018	-	107	107
Thereafter	2,500	235	2,735
Total	<u>\$5,700</u>	<u>\$1,172</u>	<u>\$6,872</u>

⁽¹⁾ Interest payable on the 2013 floating rate notes was calculated using a fixed rate of 1.03% as a result of the interest rate swap entered into in conjunction with the obligation.

Investment Commitments. At March 31, 2013, the Company had \$217 million of various capital commitments to fund sponsored investment funds, including funds of private equity funds, real estate funds, infrastructure funds, opportunistic funds and distressed credit funds. This amount excludes additional commitments made by consolidated funds of funds to underlying third-party funds as third-party non-controlling interest holders have the legal obligation to fund the respective commitments of such funds of funds. Generally, the timing of the funding of these commitments is unknown and the commitments are callable on demand at any time prior to the expiration of the commitment. These unfunded commitments are not recorded on the condensed consolidated statements of financial condition. These commitments do not include potential future commitments approved by the Company, but which are not yet legally binding. The Company intends to make additional capital commitments from time to time to fund additional investment products for, and with, its clients.

Carried Interest Claw-back. As a general partner in certain investment funds, including private equity partnerships and certain hedge funds, the Company may receive carried interest cash distributions from the partnerships in accordance with distribution provisions of the partnership agreements. The Company may, from time to time, be required to return all or a portion of such distributions to the limited partners in the event the limited partners do not achieve a return as specified in the various partnership agreements. Therefore, BlackRock records carried interest subject to such claw-back provisions in investments, or cash to the extent that it is distributed, as a deferred carried interest liability on its condensed consolidated statements of financial condition. Carried interest is realized and recorded as performance fees on its condensed consolidated statements of income upon the earlier of the termination of the investment fund or when the likelihood of claw-back is mathematically improbable.

Indemnifications. On behalf of certain clients the Company lends securities to highly rated banks and broker-dealers. In these securities lending transactions, the borrower is required to provide and maintain collateral at or above regulatory minimums. Securities on loan are marked to market

Table of Contents

daily to determine if the borrower is required to pledge additional collateral. BlackRock has issued certain indemnifications to certain securities lending clients against potential losses resulting from a borrower's failure to fulfill its obligations should the value of the collateral pledged by the borrower at the time of default be insufficient to cover the borrower's obligations under the securities lending agreement. The amount of securities on loan at March 31, 2013 and subject to indemnification was \$101.2 billion. The Company held, as agent, cash and securities totaling \$106.4 billion as collateral for indemnified securities on loan at March 31, 2013. The fair value of these indemnifications was not material at March 31, 2013. The Company currently expects indemnified balances to continue to increase over time.

While the collateral pledged by a borrower is intended to be sufficient to offset the borrower's obligations to return securities borrowed and any other amounts owing to the lender under the relevant securities lending agreement, in the event of a borrower default, the Company can give no assurance that the collateral pledged by the borrower will be sufficient to fulfill such obligations. If the amount of such pledged collateral is not sufficient to fulfill such obligations to a client for whom the Company has provided indemnification, BlackRock would be responsible for the amount of the shortfall. These indemnifications cover only the collateral shortfall described above, and do not in any way, guarantee, assume or otherwise insure the investment performance or return of any cash collateral vehicle into which securities lending cash collateral is invested.

Critical Accounting Policies

The preparation of the condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ significantly from those estimates. In addition to Consolidation of VIEs, Fair Value Measurements and Performance Fees/Carried Interest discussed below, see Note 2, Significant Accounting Policies, in the Company's condensed consolidated financial statements contained in Part I, Item 1 of this filing and the Company's Critical Accounting Policies in Management's Discussion and Analysis of Financial Condition and Results of Operations in BlackRock's 2012 Form 10-K and Note 2, Significant Accounting Policies, in the 2012 Form 10-K for further information.

Consolidation of Variable Interest Entities. In the normal course of business, the Company is the manager of various types of sponsored investment vehicles, including collateralized debt obligations ("CDOs") or CLOs and sponsored investment funds, which may be considered VIEs in accordance with GAAP. At March 31, 2013, the Company's VIEs primarily consisted of the following:

CLOs. At March 31, 2013, BlackRock was the manager of over 20 CLOs/CDOs and other securitization entities. In accordance with consolidation accounting guidance for VIEs, BlackRock was determined to be the primary beneficiary ("PB") for certain of these CLOs, which required BlackRock to consolidate these VIEs. BlackRock was deemed to be the PB because it has the power to direct the activities of the CLOs that most significantly impact the entities' economic performance and has the right to receive benefits that potentially could be significant to the VIE. At March 31, 2013, the Company had \$2,652 million and \$2,597 million in assets and liabilities, respectively, on its condensed consolidated statement of financial condition related to these consolidated CLOs. In addition, the Company recorded appropriated retained earnings for the difference between the assets and liabilities, as the CLO noteholders, not BlackRock, ultimately will receive the benefits or absorb the losses associated with the CLOs' assets and liabilities. Changes in the fair value of the assets and liabilities of these CLOs have no impact on net income

Table of Contents

attributable to BlackRock or its cash flows. Excluding outstanding management receivables, the Company has no risk of loss with its involvement with these VIEs.

Sponsored Private Equity Funds of Funds. As of March 31, 2013, BlackRock was determined to be the PB of several investment funds of funds and was deemed to absorb the majority of the variability due to its de-facto third-party relationships with other partners in the funds, which limited the ability of the partners to transfer or sell their interests without BlackRock's consent as the general partner of the funds. At March 31, 2013, the Company had recorded \$4 million, \$148 million, \$10 million and \$142 million in cash and cash equivalents, investments, other liabilities and nonredeemable non-controlling interests of consolidated VIEs, respectively, on its condensed consolidated statement of financial condition related to these VIEs. Changes in the fair value of the assets and liabilities of these VIEs have no impact on net income attributable to BlackRock. Excluding outstanding management fee receivables, the Company has no risk of loss related to its involvement with these VIEs.

Fair Value Measurements. The provisions of *Fair Value Measurements and Disclosures* ("ASC 820-10") establish a hierarchy that prioritizes inputs to valuation techniques used to measure fair value and require companies to disclose the fair value of their financial instruments according to the fair value hierarchy (i.e., Level 1, 2 and 3 inputs, as defined). The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

Level 3 inputs include the most currently available information, including capital account balances for its partnership interests in various alternative investments, which may be adjusted by using the returns of certain market indices. Certain investments that are valued using net asset values and are subject to current redemption restrictions that will not be lifted in the near term are included in Level 3. BlackRock's \$675 million of Level 3 investments, or 39% of total GAAP investments at March 31, 2013, primarily included co-investments in private equity fund of funds and private equity funds, funds of hedge funds as well as alternative hedge funds that invest in distressed credit and mortgage securities and real estate equity products. Many of these investees are investment companies, which record their underlying investments at fair value based on fair value policies established by management of the underlying fund, which could include BlackRock employees. Fair value policies at the underlying fund generally require the fund to utilize pricing/valuation information, including independent appraisals from third-party sources. However, in some instances current valuation information, for illiquid securities or securities in markets that are not active, may not be available from any third-party source or fund management may conclude that the valuations that are available from third-party sources are not reliable. In these instances, fund management may perform model-based analytical valuations that may be used to value these investments.

The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the financial instrument. See Note 2, Significant Accounting Policies, in the Company's condensed consolidated financial statements contained in Part I, Item 1 of this filing for further information regarding fair value measurements.

Performance Fees / Carried Interest. The Company receives investment advisory performance fees or incentive allocation from certain actively managed investment funds and certain separately managed accounts. These performance fees are earned upon exceeding specified relative and/or absolute investment return thresholds. Such fees are recorded upon completion of the measurement period, which varies by product or account, and could be monthly, quarterly, annually or longer. For the quarters ended March 31, 2013 and 2012, performance fee revenue totaled \$108 million and \$80 million, respectively.

Table of Contents

In addition, the Company receives carried interest from certain alternative investments upon exceeding performance thresholds. BlackRock may be required to return all, or part, of such carried interest depending upon future performance of these funds. Therefore, BlackRock records carried interest subject to such claw-back provisions in investments or cash to the extent that it is distributed, on its condensed consolidated statements of financial condition. Carried interest is realized and recorded as performance fee revenue upon the earlier of the termination of the investment fund or when the likelihood of claw-back is mathematically improbable. The Company records realized carried interest as performance fees on its condensed consolidated statements of income. The Company records a deferred carried interest liability to the extent it receives cash or capital allocations related to carried interest prior to meeting the revenue recognition criteria.

At March 31, 2013 and December 31, 2012, the Company had \$140 million and \$97 million, respectively, of deferred carried interest recorded in other liabilities on the condensed consolidated statements of financial condition. The ultimate recognition of performance fee revenue, if any, for these products is unknown.

Recent Developments

At March 31, 2013, BlackRock held an approximately one-third economic equity interest in Private National Mortgage Acceptance Company, LLC ("PennyMac"), which is accounted for as an equity method investment.

On May 8, 2013, PennyMac Financial Services, Inc. became a holding company of PennyMac in an initial public offering ("PennyMac IPO"). As a result of the PennyMac IPO, BlackRock will adjust the carrying value of its equity method investment in PennyMac and record a non-cash, non-operating pre-tax gain of approximately \$40 million in the second quarter of 2013.

During the quarter, the Company announced a long-term strategic alliance with Fidelity Investments® to deliver direct investors increased access to *iShares* products, tools and support.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

AUM Market Price Risk. BlackRock's investment advisory and administration fees are primarily comprised of fees based on a percentage of the value of AUM and, in some cases, performance fees expressed as a percentage of the returns realized on AUM. At March 31, 2013, the majority of the Company's investment advisory and administration fees were based on average or period end AUM of the applicable investment funds or separate accounts. Movements in equity market prices, interest rates/credit spreads, foreign exchange rates or all three could cause the value of AUM to decline, which would result in lower investment advisory and administration fees.

Corporate Investments Portfolio Risks. As a leading investment management firm, BlackRock devotes significant resources across all of its operations to identifying, measuring, monitoring, managing and analyzing market and operating risks, including the management and oversight of its own investment portfolio. The Board of Directors of the Company has adopted guidelines for the review of investments to be made by the Company, requiring, among other things, that investments be reviewed by certain senior officers of the Company, and that certain investments may be referred to the Audit Committee or the Board of Directors, depending on the circumstances, for approval.

In the normal course of its business, BlackRock is exposed to equity market price risk, interest rate/credit spread risk and foreign exchange rate risk associated with its corporate investments.

[Table of Contents](#)

Corporate Investments Portfolio Risks (continued)

BlackRock has investments primarily in sponsored investment products that invest in a variety of asset classes, including real estate, private equity and hedge funds. Investments generally are made for co-investment purposes, to establish a performance track record, to hedge exposure to certain deferred compensation plans or for regulatory purposes. Currently, the Company has a seed capital hedging program in which it enters into total return swaps to hedge market exposure to certain investments. At March 31, 2013, the outstanding total return swaps had an aggregate notional value of approximately \$127 million.

At March 31, 2013, approximately \$564 million of BlackRock's total investments were maintained in sponsored investment funds deemed to be controlled by BlackRock in accordance with GAAP and, therefore, are consolidated even though BlackRock may not own a majority of such funds. Excluding the impact of the Federal Reserve Bank stock, carried interest, investments made to hedge exposure to certain deferred compensation plans and certain investments that are hedged via the seed capital hedging program, the Company's economic exposure to its investment portfolio is as follows:

<i>(in millions)</i>	March 31, 2013	December 31, 2012	Variance	
			Amount	% Change
Total investments, GAAP	\$1,711	\$1,750	(\$39)	(2%)
Investments held by consolidated sponsored investment funds	(564)	(524)	(40)	(8%)
Net exposure to consolidated investment funds	465	430	35	8%
Total investments, as adjusted	1,612	1,656	(44)	(3%)
Federal Reserve Bank stock	(90)	(89)	(1)	(1%)
Carried interest	(127)	(85)	(42)	(49%)
Deferred compensation investments	(66)	(62)	(4)	(6%)
Hedged investments	(127)	(209)	82	39%
Total "economic" investment exposure	<u>\$1,202</u>	<u>\$1,211</u>	<u>(\$9)</u>	<u>(1)%</u>

The "economic" investment exposure of the portfolio is presented in either the equity market price or the interest rate/credit spread risk disclosures below:

Equity Market Price Risk. At March 31, 2013, the Company's net exposure to equity market price risk in its investment portfolio was approximately \$669 million of the Company's total economic investment exposure. Investments subject to market price risk include private equity and real estate investments, hedge funds and funds of funds as well as mutual funds. The Company estimates that a hypothetical 10% adverse change in market prices would result in a decrease of approximately \$66.9 million in the carrying value of such investments.

Interest Rate/Credit Spread Risk. At March 31, 2013, the Company was exposed to interest-rate risk and credit spread risk as a result of approximately \$533 million of investments in debt securities and sponsored investment products that invest primarily in debt securities.

[Table of Contents](#)

Interest Rate/Credit Spread Risk (continued)

Management considered a hypothetical 100 basis point fluctuation in interest rates or credit spreads and estimates that the impact of such a fluctuation on these investments, in the aggregate, would result in a decrease, or increase, of approximately \$11.0 million in the carrying value of such investments.

Foreign Exchange Rate Risk. As discussed above, the Company invests in sponsored investment products that invest in a variety of asset classes. The carrying value of the total economic investment exposure denominated in foreign currencies, primarily the pound sterling and euro, was \$97 million at March 31, 2013. A 10% adverse change in the applicable foreign exchange rates would result in approximately a \$9.7 million decline in the carrying value of such investments.

Other Market Risks. By using derivative financial instruments, the Company exposes itself to market risk. Market risk from forward foreign currency exchange contracts is the effect on the value of a financial instrument that results from a change in currency exchange rates. The Company manages exposure to market risk associated with foreign currency exchange contracts by establishing and monitoring parameters that limit the types and degrees of market risk that may be undertaken. At March 31, 2013, the Company had outstanding forward foreign currency exchange contracts with an aggregate notional value of approximately \$66 million.

Item 4. Controls and Procedures

Disclosure Controls and Procedures. Under the direction of BlackRock's Chief Executive Officer and Chief Financial Officer, BlackRock evaluated the effectiveness of its disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) at March 31, 2013. Based on this evaluation, BlackRock's Chief Executive Officer and Chief Financial Officer have concluded that BlackRock's disclosure controls and procedures were effective.

Internal Control over Financial Reporting. There have been no changes in internal control over financial reporting during the quarter ended March 31, 2013 that have materially affected or are reasonably likely to materially affect such internal control over financial reporting.

[Table of Contents](#)

PART II — OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, BlackRock receives subpoenas or other requests for information from various U.S. federal, state governmental and domestic and international regulatory authorities in connection with certain industry-wide or other investigations or proceedings. It is BlackRock's policy to cooperate fully with such inquiries. The Company and certain of its subsidiaries have been named as defendants in various legal actions, including arbitrations and other litigation arising in connection with BlackRock's activities. Additionally, certain of the investment funds that the Company manages are subject to lawsuits, any of which potentially could harm the investment returns of the applicable fund or result in the Company being liable to the funds for any resulting damages.

Management, after consultation with legal counsel, currently does not anticipate that the aggregate liability, if any, arising out of regulatory matters or lawsuits will have a material effect on BlackRock's results of operations, financial position or cash flows. However, there is no assurance as to whether any such pending or threatened matters will have a material effect on BlackRock's results of operations, financial position or cash flows in any future reporting period. Due to uncertainties surrounding the outcome of these matters, management cannot reasonably estimate the possible loss or range of loss that may arise from these matters.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

During the three months ended March 31, 2013, the Company made the following purchases of its common stock, which is registered pursuant to Section 12(b) of the Exchange Act.

	<u>Total Number of Shares Purchased</u>	<u>Average Price Paid per Share</u>	<u>Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs</u>	<u>Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs⁽¹⁾</u>
January 1, 2013 through January 31, 2013	880,501 ⁽²⁾	\$237.12	-	10,225,400
February 1, 2013 through February 28, 2013	919,233 ⁽²⁾	\$240.72	914,045	9,311,355
March 1, 2013 through March 31, 2013	<u>129,090 ⁽²⁾</u>	<u>\$237.72</u>	<u>127,000</u>	<u>9,184,355</u>
Total	<u><u>1,928,824</u></u>	<u>\$238.88</u>	<u><u>1,041,045</u></u>	

⁽¹⁾ In January 2013, the Board of Directors approved an increase in the availability under the Company's existing share repurchase program to allow for the repurchase of up to 10.2 million shares of BlackRock common stock with no stated expiration date.

⁽²⁾ Includes purchases made by the Company primarily to satisfy income tax withholding obligations of employees and members of the Company's Board of Directors related to the vesting of certain restricted stock or restricted stock unit awards and purchases made by the Company as part of the publicly announced share repurchase program.

Section 3: EX-31.1 (SECTION 302 CERTIFICATION OF CHIEF EXECUTIVE OFFICER)

CEO CERTIFICATION

I, Laurence D. Fink, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q, for the period ended March 31, 2013 of BlackRock, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)), for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting, which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Section 4: EX-31.2 (SECTION 302 CERTIFICATION OF CHIEF FINANCIAL OFFICER)

CFO CERTIFICATION

I, Ann Marie Petach, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q, for the period ended March 31, 2013 of BlackRock, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)), for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
